

# Prompt Indictment of Oil Magnate Sinclair for Defiance of Senate Committee Is Expected

## District Grand Jury to Which Contempt Action Was Certified by The Senate Is Now in Session

Walsh Stingingly Rebukes Spencer, Who Backs His 'Grave Doubt' With Quotations from Sinclair's Attorney.

By the Associated Press.  
WASHINGTON, March 25.—District Attorney Gordon today requested special government counsel in the oil cases to co-operate with him in Harry F. Sinclair's contempt case and later he conferred with them and Chairman Ladd and Senator Walsh at the Capitol.

By PAUL Y. ANDERSON.  
A Special Washington Correspondent of the Post-Dispatch.

WASHINGTON, March 25.—The processes of justice are likely to be rapid in the case of the United States Senate against Harry F. Sinclair. The first step toward bringing the oil magnate to book for his refusal to testify further before the Oil Investigating Committee was taken yesterday afternoon, when the Senate voted to certify the case to the District Attorney of the District of Columbia, for presentation to the grand jury.

As the grand jury is in session now, action is expected promptly. As Senator Walsh explained to the writer yesterday, there is no contest over the facts in the case, and the course of procedure is perfectly clear. There will be an indictment and the matter will go before the court for judgment on the law point involved. The facts, none of which are in dispute, will be stipulated and the attorneys will submit briefs, and perhaps argue the case, Sinclair contending that the Senate has no power to compel him to testify and attorneys for the Government contending that it has.

If the Government's contention is upheld by the court, Sinclair will be found guilty, for his defiance of the Senate is admitted. In the event of an indictment and conviction Sinclair would be liable to a fine of not more than \$10,000 or less than \$100 and imprisonment "in a common jail" for not less than one month nor more than 12 months.

The only dissenting vote. The only dissenting vote yesterday was that cast by Senator Davis Elkins, Republican, of West Virginia. Senator Elkins, it was disclosed during the inquiry, had been extensively in Sinclair's stocks. Before and after that disclosure he had expressed his want of sympathy with the investigation. He has announced his intention of retiring from the Senate at the end of his present term.

Sinclair's defiance of the Senate yesterday in demanding punishment for Sinclair. During the course of it he said, in biting language, his respects to Senator Spencer of Missouri, who had expressed his "grave doubt" of the right of the Senate to inquire into a private citizen's private business, private affairs and private papers.

"Effort has been made here to create the impression that there is grave doubt," said Walsh, stressing the phrase in scathing emphasis, "of the Senate's authority to inquire into a man's private affairs. I suppose this is done with a view to suggesting some leniency in this case if it is finally decided that the Senate has that power."

"I cannot feel, after reading all the decisions upon the subject, that there is any doubt whatever of the Senate's power in this matter. I think, moreover, that it involves the very life of the Senate's existence. Any suggestion of leniency on the ground that there was a 'grave doubt' will not be tolerated. The witness took all the chances of the extreme penalty of the law when he refused to testify."

Hopes for Extreme Penalty. "And, for my part," he thundered, "I shall hope to see him in the court that he is guilty of contempt, visited with the full rigor of the law. I say, moreover, that, if it is possible to consider such of his several refusals as a separate

offense, I hope he will receive the extreme penalty for each. "What means this talk here of invading a man's 'private business,' 'private affairs,' and 'private papers'? Why, the humblest Justice of the Peace in this land has the power to make any man come forward and give any fact of his private business, or deliver his most private papers, if it be determined that they contain evidence. "Then how feeble, and how futile, is it to suggest that a man can refuse to testify on the ground that his 'private business' and 'private papers' are involved."

Calling attention to the fact that Sinclair, after refusing to testify, gave out a newspaper statement covering much of the ground on which the committee had desired to question him, Walsh characterized Sinclair's act as flouting the Senate.

He took up the assertion emphasized in Sinclair's statement to the newspapers that he had been, before the committee five times. Walsh declared that the reason he had to be recalled so many times was that when on the stand he withheld information in his possession until the committee received it from some other source and consequently had to be recalled for examination concerning it.

Spencer Echoes Littleton. Although Spencer voted to certify the case to the District Attorney, he afterward took the floor and reiterated that he considered it doubtful if the Senate had the power to make Sinclair testify. "It wouldn't have been necessary to ask him why, in view of that fact, he had voted to certify Sinclair for contempt," Spencer replied, "that either the Senator misunderstands me, or I fail to make myself clear. In neither event does it affect the main question, and I passed on without answering."

He quoted from various court decisions to sustain his view that the Senate's power was doubtful. It was later ascertained that he was reading from the brief which was filed before the committee Friday morning by Martin W. Littleton, Sinclair's attorney, in challenging the committee's powers.

In a statement last night in reference to the certification of the Sinclair case to the District of Columbia Supreme Court, Peyton U. Anderson, United States District Attorney, said: "I shall promptly and vigorously deal with this matter regardless of the individual or individuals involved and in so doing I shall have the unqualified approval of the Attorney-General."

"I am not in doubt as to this, because in all my general discussions and conferences with the Attorney-General as to matters coming into my office that have attracted his attention, and furthermore, he called me by telephone at my apartment this evening and stated that he wanted me to do my duty in these matters irrespective of the person or persons affected thereby."

Increase in Missouri Dry Agents. By the Associated Press.  
KANSAS CITY, Mo., March 25.—The force of general prohibition agents for Missouri, Kansas, Oklahoma and Arkansas will be increased from 23 to 30, William D. Moss, district supervisor, announced today. In the last six months, Moss said, this district has jumped from sixteen to eighteen in number of cases and convictions.

U. C. V. Leader Dies. By the Associated Press.  
DALLAS, Tex., March 25.—Lieutenant-General E. W. Kirkpatrick, department commander of states west of the Mississippi of the United Confederate Veterans, died last night at Rincon, N. M., according to advices received here today. Death was due to pneumonia.

## WILL BE MEXICO'S AMBASSADOR TO U. S.

ALBERTO J. PANI

## PANI REPORTED APPOINTED AS MEXICAN AMBASSADOR TO U. S.

Minister of Foreign Affairs Said to Have Been Selected by Obregon for Washington Post.

By the Associated Press.  
GALVESTON, Tex., March 25.—Alberto J. Pani, Minister of Foreign Affairs in the Cabinet of President Obregon, has been appointed Ambassador to the United States, according to advices received here today by Consul I. Magana from Mexico City.

## TICKETS FOR CONSISTORY IN ST. PETER'S EXHAUSTED

Cardinals Hayes and Mundelein Receive Numerous Calls, Who Offer Congratulations.

By the Associated Press.  
ROME, March 25.—Cardinal Hayes of New York and Cardinal Mundelein of Chicago, made princes of the church at yesterday's private consistory, were busy today receiving calls.

Cardinals and prelates, as well as members of the Roman aristocracy, drove to the Propaganda Palace, where Cardinal Mundelein is staying, and to the American College, where Cardinal Hayes is staying, to convey their good wishes.

The supply of tickets for the Thursday consistory in St. Peter's church has been exhausted. All day crowds stormed the papal major domo's offices for them.

At the American College, tickets have been handed out lavishly and thousands of Americans are in possession of small slips entitling them to witness the ceremonies. The Vatican secretariat of state was busy this morning receiving diplomats requesting tickets for their consistory.

The Church of San Maria in Via Lata has been decided upon as the titular church of Cardinal Hayes of New York. The small church of San Maria was mentioned as early as the seventh century, but in its present form dates from the seventeenth century. It has an oratory in which St. Paul and St. Luke are said to have taught.

## APPROVE U. S. PROPOSAL

Austria and Hungary Favor Agreement for Claims Commissions.

By the Associated Press.  
WASHINGTON, March 25.—The Austrian and Hungarian Governments have approved "in principle" an agreement proposed by the United States for the creation of mixed commissions to settle claims with the United States arising out of the World War.

The Governments are considering the question of procedure involved in the appointment of their respective commissions, and final approval of the plan is expected soon. The arrangement will follow closely the line of that on which the American and German mixed claims commission now is acting on cases between those two Governments and their nationals. The total amount of claims involved between the American, Austrian and Hungarian Governments, however, is relatively small.

Pershing Sails From France. By the Associated Press.  
PARIS, March 25.—Gen. John J. Pershing, who has been writing a book about the war, sailed for New York today on the liner George Washington.

## ST. LOUIS POST-DISPATCH

Founded by JOSEPH PELTZER, Dec. 12, 1878.  
Published Daily, Except Sundays and Public Holidays, by the St. Louis Post-Dispatch Publishing Co., Twelfth and Olive Streets.  
(Member Audit Bureau of Circulation.)

MEMBER OF THE ASSOCIATED PRESS.  
The Associated Press is a voluntary association of newspapers for the purpose of exchanging news and information. It is not a news agency, and it does not sell news to its members. It is a cooperative organization, and its members are entitled to a share in its profits.

SUBSCRIPTION RATES BY MAIL: Daily and Sunday, one year, \$10.00; Six months, \$6.00; Three months, \$3.50. Single copy, one cent. All orders must be accompanied by payment in full. Money orders or checks on St. Louis preferred.

Delivered by city carrier at extra charge. Daily, one cent; Sunday, one cent. Entered as second-class matter July 17, 1878, at the postoffice at St. Louis, Mo., under postoffice No. 1579. Post Office 900 N. Kinloch, Central 6890.

## Senate Acts to Impeach Son-in-Law of A. B. Fall

Continued from Page One.

By getting Mr. McKinney to testify that he did so."

Bursum said that "as he understood H. Chase was acting merely as a messenger for Fall."

A formal motion that the Senate proceed to immediate consideration of the resolution then was made by Walsh and the debate was renewed.

Could Not Retrace Steps. After unanimous consent for consideration of the resolution had been refused by Bursum, and after Walsh had made a formal motion to take the measure up, Bursum moved to withdraw his objection. The chair ruled, however, that he could not do so in view of the steps which had ensued. The New Mexico Senator attempted to interrupt Mr. Fall's statement, but when the latter rose to open the debate.

"It is too late now," Heflin said. "I'm going to discuss you."

Heflin said there had been far too much procrastination, dilly-dallying and delay, evidently for the purpose of giving time for the manufacture of evidence, destruction of papers, or loss of interest.

"Are we here to protect crooks?" asked Heflin. "I'm amazed that any objection would be made to this action by a Senator on the floor."

Asserting that Chase had asked a citizen to tell a lie to help protect a man bribed in office—in the President's Cabinet," he demanded to know why President Coolidge did not recall for his treason.

"More than a week has passed since Mr. McKinney testified," Senator Heflin said, "and yet no official of the Government has acted and Chase has come his way."

Banker Lent Fall \$100,000 but Not to Buy Ranch. M. D. Thatcher, president of the First National Bank of Pueblo, Colo., was questioned by the Senate Oil Committee today about financial transactions between Albert B. Fall, ex-Secretary of the Interior, and that bank.

"Did the bank make any loan to him during 1921?" asked Senator Walsh. "I have the records here. No, sir," said Thatcher.

Thatcher said Fall borrowed \$15,000 from the bank in 1916 and paid it in May, 1922.

Asked about a statement to the committee that he arranged to get funds from the M. D. Thatcher estate, Thatcher said the Tres Ritas Cattle Co. (Fall's company) had done so.

"What do you know about that transaction?" asked Walsh.

"Loans to Cattle Company. We made some loans to the Tres Ritas Cattle Co. We loaned them \$100,000 and there is an overdraft of about \$22,000 which has probably been consolidated into a note. It was loaned in separate notes running from \$500 to \$10,000. There may have been some of \$15,000. The amounts were drawn until they reached a round figure, when the note would be drawn to cover it."

The transactions, the witness said, were "through Mr. Everhart."

Mr. Everhart told me," said Thatcher, "that they were trying to make improvements which would run as high as \$200,000. He asked me if I would be able to make a loan. I said yes, if reasonable. The money came from the note."

"I think until this loan for water-power improvements this maximum was \$25,000 a year," said the witness.

Thatcher said he would not have advanced money to purchase new properties. He identified Everhart as Fall's son-in-law and manager of both the Fall ranch and the Thatcher ranch. He is a cousin of Thatcher.

Thatcher listed the other borrowings under the arrangement with Everhart as follows: Jan. 19, \$15,000; April 13, \$40,000 (probably a consolidation, the witness said); July 9, \$15,000; July 27, \$15,000; Aug. 16, \$5,000; Oct. 2, \$10,000; and Nov. 9, \$10,000.

"You are quite certain all of these were in 1922; that your books are correct?" asked Walsh. "I am certain," Thatcher explained that all of the loans he had listed were made by the M. D. Thatcher Estate Co. and went into the checking account of the cattle company. His understanding was that the loans were secured by all or the property, including the Harris ranch or any other land Fall's company bought.

Walsh checked over the records of deposits in the cattle company's account. They corresponded with the amounts and dates of the loans by the Thatcher company.

Asked whether Fall got any loans except those in the name of the cattle company, the witness replied: "Nothing during the period you speak of."

"Was there any other?" asked

Senator Adams (Dem.) of Colorado. "There was a loan to Fall in January, 1921, of \$15,000. That was to cover loans carried over from 1916 or 1917."

"Were there any other records in your bank of people connected with Mr. Fall showing any loans?" asked Senator Dill (Dem.) of Washington. "Mr. Everhart had an account."

"Did you loan him through your company?" "He had an interest with us. He was our manager in Colorado and New Mexico."

No loans to him in relation to the Fall ranch. "Nothing that I know of."

Senator Adams (Dem.) of Colorado. "There was a loan to Fall in January, 1921, of \$15,000. That was to cover loans carried over from 1916 or 1917."

"Were there any other records in your bank of people connected with Mr. Fall showing any loans?" asked Senator Dill (Dem.) of Washington. "Mr. Everhart had an account."

"Did you loan him through your company?" "He had an interest with us. He was our manager in Colorado and New Mexico."

No loans to him in relation to the Fall ranch. "Nothing that I know of."

Smith-Daugherty Stock Deals. Anderson H. Tackett, an accountant of the Federal Trade Commission, gave the committee more details of the oil stock transactions of Jesse W. Smith, confidant of Attorney-General Daugherty. He said Smith's account, stated as "W. W. Spaid No. 4," was closed out and "W. W. Spaid No. 2" account was opened, which the witness said he had been told at the office of the brokerage firm, W. H. Hubbs & Co., was a joint account of Smith and Daugherty.

Asked what the net result of the operations of this account was, Tackett said it was difficult to say, but there might have been a total loss of \$14,000. This was in 1922.

There was a transaction by Smith of 1200 shares of Sinclair consolidated, Hackett said, with a net profit of \$2317. In addition, Smith's account showed a transaction of 100 shares of Mexican Petroleum with a profit of \$556; and a transaction in 800 shares of Mexican Petroleum with a loss of \$117.

After Thatcher was questioned Walsh announced that the check-up showed that the former Interior Secretary had acquired \$32,000 at the purchase of ranch property from a source yet undisclosed.

F. W. Sardeson of Minneapolis, an engineer for the Minnesota public utilities commission, was summoned to the committee today. R. H. Wilson, an Oklahoma politician, was subpoenaed by the oil committee for questioning regarding the story of an "oil deal" at the 1920 Republican national convention.

Special Government counsel in the oil cases returned to Washington from the West yesterday, and announced that they would present the cases to a grand jury here about April 10.

Mannington Says He's Willing to Testify. (Copyright, 1924.)

PARIS, March 25.—Howard Mannington of Columbus, O., confidant of Attorney-General Daugherty, whose testimony is desired by the Wheeler-Sinclair committee investigating the Attorney-General's activities said today he was willing to testify voluntarily.

"I expect to return to the United States as soon as my business here is completed," said Mannington. "That will probably be within a month. I am perfectly willing to testify before the Senate committee if they call me."

Three companies which have been mentioned are the Gulf Refining Co. and its subsidiaries, the Standard Steel Car Co., and the Aluminum Co. of America. Each of these companies has advised the Commissioner of Internal Revenue that it waives its right to privacy under the statute, and the commissioner is authorized to produce to your committee, without restriction of any kind, all of the tax returns and accompanying papers for each tax year.

"Messrs. Ernst and Ernst, certified public accountants, are familiar with the tax adjustments of these companies, since they handled their presentation before the Standard Steel Car Co. and the Aluminum Co. of America. Each of these companies has advised the Commissioner of Internal Revenue that it waives its right to privacy under the statute, and the commissioner is authorized to produce to your committee, without restriction of any kind, all of the tax returns and accompanying papers for each tax year."

Couzens' Tax Returns Produced. "Mr. A. C. Ernst will be in Washington on the 26th and will be available then or thereafter. If the question is raised later with respect to any of the companies, I shall be glad to do what I can to obtain similar publicity to their returns."

Solicitor Nelson Hartson of the bureau, at the request of Senator Couzens (Rep., Michigan), who is conducting the inquiry, produced the Senator's own tax returns involving a proposed additional tax in 1916 of \$2,147,000. The main question at issue was an allowance to be made as to "fair market value" of a "charitable gift" of property by Senator Couzens, valued at the time of the gift at \$1,796,995.

An opinion by Hartson in 1923 in another case laid down a principle resulting in a reduction in Couzens' assessment by about \$1,000,000.

Couzens said he had no knowledge of the details of the case until he heard them from Hartson. The Senator suggested that "the ruling that proposed the additional assessment against me was the fairest."

Letters Concerning Mellon Companies Before Committee. Post-Dispatch Bureau, 25-27 Wyatt Building.

WASHINGTON, March 25.—The Couzens committee, which is investigating the Bureau of Internal Revenue, has requested Nelson Hartson, solicitor for the bureau, to furnish it with all papers relating to assessment of taxes and giving of refunds to corporations in which Secretary of the Treasury Mellon is interested.

This action was taken after Senator Couzens (Rep.) of Michigan had produced copies of several letters and memoranda concerning the Standard Steel Car Co., which purported to show that at the request of Mellon this company—also called a Mellon concern—was

## MELLON DENIES CHARGE HE ASKED FOR TAX FAVORS

Continued from Page One.

"Never Interfered in Any Way With Internal Revenue Bureau in Any Tax Matter," He Says.

By the Associated Press.  
WASHINGTON, March 25.—Secretary of the Treasury Mellon denied today he had "ever interfered with the Bureau of Internal Revenue in any way in any tax matter," in a statement today laid before the Senate special committee investigating the bureau.

At the same time Mellon offered the committee full information on tax matters of companies in which he is personally interested, adding that in fairness to himself and to the companies, the committee should make an immediate investigation.

"In the hearing before your committee yesterday," said the statement, "what purported to be a copy of a memorandum delivered by an ex-employee to a member of your committee was introduced and has been made the basis for headlines in the newspapers, which might lead the public to believe I had sought to influence the Bureau of Internal Revenue in its consideration of the tax liability of certain companies in which I am interested as stockholder."

"As I have already stated, I have never interfered in any way with the Bureau of Internal Revenue in any tax matter. Last of all would I do so in cases in which it might be charged that I was personally concerned. I feel, however, that it is due to me, and to the companies involved, that you should make an immediate investigation in order that you may thoroughly satisfy yourself and the public whether or not these companies have received any favors from the Government."

Waive Right to Privacy. "Three companies which have been mentioned are the Gulf Refining Co. and its subsidiaries, the Standard Steel Car Co., and the Aluminum Co. of America. Each of these companies has advised the Commissioner of Internal Revenue that it waives its right to privacy under the statute, and the commissioner is authorized to produce to your committee, without restriction of any kind, all of the tax returns and accompanying papers for each tax year."

Each of these companies has advised the Commissioner of Internal Revenue that it waives its right to privacy under the statute, and the commissioner is authorized to produce to your committee, without restriction of any kind, all of the tax returns and accompanying papers for each tax year."

Couzens introduced four memoranda as referring to the Mellon companies. All, he said, had been obtained from a man named Culley, who will appear later as a witness. The first, under date of Dec. 2, 1921, was signed T. S. J. Kishbaugh, acting chief of division, stated that "It seems that what is not to be done is the matter of assessing a tax."

Minister Felt Japan Must Maintain Fleet Able to Meet Possible Contingencies in Orient.

TOKIO, March 25.—Navy Minister Murakami approves "in principle" American suggestions for further elimination of naval armaments, including classes of warships not restricted by the Washington armament treaty, according to a high naval officer.

It was explained, however, that the Minister felt Japan must maintain a fleet able to meet possible contingencies in the Orient, and that in the interest of the defense of the Empire against any possible hostile combination in Far Eastern waters.

By the Associated Press.

WASHINGTON, March 25.—Authorized spokesmen at the State Department said today that an American suggestion for further elimination of naval armaments had been made to Japan beyond the action taken by the House of Representatives in the naval appropriation bill. In this measure the House inserted a provision suggesting a further armaments conference but the administration has indicated that it does not consider the time for such a step opportune.

It was emphatically stated that the Washington Government had not recently made any suggestion to any foreign Government regarding a proposal for further naval reductions. "The question has not been discussed even informally by Secretary Hughes with representatives for foreign governments."

There were some things on the agenda of the Washington conference which the Government desired taken up at that time, but which could not be considered. If there should be an opportunity to have these questions discussed between representatives of the various governments, President Coolidge would be glad to present them.

### "THIRD PARTY" CALLS MEETING

Farm-Labor Delegates Expected to Name Presidential Candidate.

ST. PAUL, Minn., March 25.—Formal call for a national convention of the Farm-Labor party, to be held here June 17, was issued today by a committee representing the various interests of the party.

Delegates from 12 to 20 states are expected to attend the convention, at which it was said, they may be expected to select a third party candidate for the presidency and vice presidency.

Examination was made yesterday by Deputy State Bank Commissioner O. A. James of Springfield, Mo., of the accounts to be regulated by the new law. It was noted that \$35,000 worth of notes carried as assets of the bank had been carried as assets of the bank.

## FACTORS WILL MAKE UP \$50,000 BANK'S PAPER

Carried as Assets by Columbia (Ill.) Institution to Be Replaced With Securities.

Dehn, Cashier and General Manager, Shot and Killed Himself—Examination Followed.

Accounts Found to Be Regular

Directors of the Monroe County Savings Bank and Trust Co., of Columbia, Ill., 14 miles southeast of St. Louis, the cashier and general manager of which shot and killed himself Saturday, have decided to make up \$50,000 worth of bank's paper that was carried on the books as an asset, and have agreed to replace it with negotiable securities acceptable to the Illinois State Banking Department.

Following the suicide of the cashier, Louis Dehn, the bank directors requested the State Banking Department to examine the books of the institution. Bank officials stated they were satisfied the bank's affairs were in good condition, but they asked for the examination because it was reported Dehn had killed himself because of worry over financial affairs.

The examination was made yesterday by Deputy State Bank Commissioner O. A. James of Springfield, Mo., of the accounts to be regulated by the new law. It was noted that \$35,000 worth of notes carried as assets of the bank had been carried as assets of the bank.

## TWO YEARS FOR MOTORIST WHO FLED AFTER KILLING

Fred Koester Sentenced for Manslaughter and Felonious Flight—Arrest Resulted From Conversation.

Fred Koester, 21 years old, of 4622 Michigan avenue, an automobile driver, who killed a man with his car and fled from the scene last November, has been sentenced to two years in the workhouse on his plea of guilty.

He was accused of manslaughter and feloniously leaving the scene of an accident. Upon recommendation of the Circuit Attorney, Judge Ittner sentenced him to one year on each count. The penalty is one of the heaviest fixed by St. Louis courts for such offenses.

### How Arrest Came About.

Apprehension of Koester last February, four months after the death of James M. Russell, 62 years old, of 2732 Armand place, his victim, was largely accidental. A conversation between Koester and another man which led him to believe that Koester knew about Russell's death. The neighbor mentioned his suspicion to a special police officer, who got to work on the case.

Russell had been run down by the automobile Nov. 4 on Jefferson avenue between Ann and Adams streets. Witnesses described the machine as a Ford with body painted black, lettered on the sides in white. Its driver and occupant had sped away, leaving out the book and the blank card, and the fifth man signed the customer's name on the card. Then Jim Reed put the substitute card in place of the right one the next night and the day afterwards the fifth man went to the bank with a withdrawal check and got the money. The teller would find the signature on the check agreed with the one in the records.

### NEGRO FORGERS GOT \$12,000 FROM BANK YEAR AGO

Continued from Page One.

out the book and the blank card, and the fifth man signed the customer's name on the card. Then Jim Reed put the substitute card in place of the right one the next night and the day afterwards the fifth man went to the bank with a withdrawal check and got the money. The teller would find the signature on the check agreed with the one in the records.

"I would know if any teller or anybody seemed suspicious, but no one did. Lawson Reed acted as a teller and sometimes went along to the bank with the fifth man. Jim Reed would put the original card back in the records the next night. The five of us divided the money. We couldn't get more than \$4,000 in a week like Jim Reed says we planned. I have no idea how much we did get. I lost all I got, gambling and buying clothes, and I haven't a nickel."

James Reed's signed confession declares that Lane manipulated the records and asserts that Lane, Lawson Reed and Pitts "cleaned up \$12,000 that way. Both prisoners declared that two or three tellers lost their jobs because of this scheme, though they were not to blame. Detective Sergeant Cooper said that George W. Wilson, vice president of the trust company, told him that two men and a woman teller had been dismissed on this account. Wilson told the Post-Dispatch today that only one teller had been dismissed, because it was felt that he was inefficient in letting the plot escape his notice."

James Reed's confession asserts that Lane showed him \$10,000 in travelers' checks on Feb. 24 and told of a scheme to cash them. Reed said he sought the advice of a negro bartender, who told him to "steer clear." The statement does not go into further details.

"The travelers' checks were a windfall," Lane said. "Jim Reed saw some keys on top of a safe and opened a cabinet and took a bunch of them. He told me at my house next day he had \$18,000 or \$20,000 worth. I said, 'Jim, you're pretty good; we ought to be riding on that money.' He said his bartender friend told him it was easy."

"Pitts didn't get in that scheme till he heard in Chicago, but it was between the four of us. I don't know how much we got by it. Lawson Reed and the other cashed the checks in Chicago. It's Jim Reed. He started it and I finished it. I'm as deep as anybody, but it's my first offense. I don't want a lawyer, I'll plead guilty, but I won't talk about anyone else. That was our agreement, but I guess Jim Reed wants to turn State evidence."

A dispatch from Chicago today states that \$35,000 worth of uncashed travelers' checks were found at the home there of Pitts and Lawson Reed, and declares they admitted cashing the balance of about \$19,000 worth there. First information here was that the uncashed portion had been burned. The signature of an officer of the bank was engraved on the checks and the prisoners had to sign a payee's name on them in duplicate.

No Loss to Company.

Vice President Wilson's of the trust company said the schemes resulted in no loss to the company or customers, and that bonding companies had made good the \$12,000 obtained in the savings accounts scheme. He said only three or four savings accounts were involved.

James Reed's confession declares Lawson Reed bought a house at 4639 State street, Chicago, out of the portion of the \$12,000 that Lane

lost his share playing dice. Pitts bought a Ford car and a pair of fifth man bought diamonds and clothes, but is silent as to anything the confessor may have obtained. Lane, who had a high school education, and was a Sergeant-Major in the 89th Infantry, overseas, doing office work. His pay was recently increased to \$125 a month by the trust company.

## K.K.K. LIQUOR TRAP CATCHES EIGHT OF ITS OWN MEMBERS

Men Named in Affidavits Prepared by Paid Investigators Working in East St. Louis.

Eight members of the East St. Louis Ku Klux Klan were caught by paid investigators in the campaign to clean up liquor violations on the East Side, klansmen said today. They are named in affidavits prepared by the investigators, who were hired by the St. Clair County Law Enforcement League, of which the Klan is the moving spirit, and the affidavits are among 250 on which warrants are now being issued at Danville.

The question of the liquor law violations was discussed Sunday at the midnight meeting of the East St. Louis Klan when the results of the campaign were outlined to the organization, and the members voted to prosecute them as vigorously as any of the others, it is said.

### INSISTS SOMEONE "PLANTED" BEER IN HIS SALOON

Man Who Testifies He Always Handles Beer Only, However, Is Fined \$100 and Costs.

The manner in which a half-barrel of beer got into his soft-drink bar at Fourteenth and Buchanan streets was a complete mystery to Edward Kelter, according to his testimony before Judge Calvin Miller today when he was tried for violating the State liquor law.

He always bought beer from a reputable brewery, he declared, and insisted that someone must have "planted" the half-barrel of beer in his saloon. He testified that he had been found when they dropped in, Feb. 14.

"Do you make much money at that place?" Judge Miller inquired. "No," Kelter answered. "I don't get much out of it—just about make a living."

"Well, you had better get busy and scrape together \$100, because I am fining you \$100 and costs," the judge answered.

### SUPREME COURT STOOD 4 TO 3 IN MEININGER CASE

Continued from Page One.

disposition of the appeal, due to a provision of the law which nullifies the indictments if the State fails to get them to trial after the State has taken continuances at three terms of court.

However, additional light has been furnished by legal authorities, here, who declined to be quoted, on how Circuit Attorney Siders may keep the cases alive. As has been related, it has been suggested the indictments could be dismissed before a third continuance had been taken by the State, then new indictments or informations brought later on the same offenses.

The statute of limitations is not operative while the indictments or informations are alive, it was said, but only during the period when indictments or informations are not pending. The present indictments were obtained shortly after the Night and Day Bank failed Jan. 6, 1922. After dismissal of the present indictments time could be allowed to elapse and new indictments or informations brought later that would be valid, it was said, so long as the total time elapsing when indictments or informations were not pending did not exceed three years.

Year to Perfect Appeal.

Meininger's attorneys sought an appeal after he was sentenced May 31, last, but have a year to perfect the appeal. In such cases the appeal usually is perfected near the close of the allotted year. This would bring the case into the Supreme Court by June of this year and it probably would be argued during the October term. The Supreme Court makes a practice of advancing criminal cases on to docket for early hearing and probably would dispose of the appeal before the end of this year.

If Meininger's conviction and five-year sentence is affirmed he probably would not serve more than three years in the penitentiary, because he maintained good behavior. Under the three-fourths time and merit rules of the State Penitentiary Board a convict can earn some months served.

The loss in the Night and Day Bank was about \$1,000,000.

M. E. General Conference in May.

By the Associated Press.

CHICAGO, March 25.—The general conference of the Methodist Episcopal Church will be held at Springfield, Mass., throughout the month of May. Approximately 100 delegates from all parts of the United States and from 44 nations and territories abroad will attend. The gatherings will be representative of the 4,774,000 members of the Methodist Episcopal Church.

Among the important matters to be discussed is the unification with the Methodist Episcopal Church, South; the status of the episcopacy; the denomination, and the reorganization of benevolent boards.

## TALESMAN WHO WANDERED OFF SPENDS NIGHT IN JAIL

Pascal Galmich Went to Another Court and Obtained Excuse From Service.

Pascal Galmich spent last night in jail, although prospective jurors do not, as a rule, spend nights in jail.

He was ordered to Circuit Judge Ittner's court with a panel of 150 talesmen yesterday. Judge Ittner had more material than he needed, so he had the bailiff send 50 of the panel to Circuit Judge Hamilton. Although Galmich's name was not among those designated to leave Judge Ittner's courtroom, he went along with the 50.

Arrived before Judge Hamilton, Galmich told the judge that he ought to be excused because the sea-faring business was rushing just now, during Lent. The judge let him off. But not so with Judge Ittner. Finding that Galmich did not answer to his name, he had him brought into court on an attachment and sentenced him to 24 hours in jail for contempt. However, this morning Galmich was brought from jail to the Municipal Court Building for a lecture and was released. His sentence was supposed to run from 6 p. m. yesterday to 6 p. m. today.

Galmich resides at 4048 Cottage avenue and is a salesman for the Melito Sea Food Co., 822 North Broadway.

### NEW OFFICERS OF 138TH REGIMENT

Col. A. E. Deitsch.

Col. A. E. Deitsch, former commander of the First Battalion, was elected Lieutenant-Colonel of the 138th Infantry, Missouri National Guard, was elected Colonel at a meeting of company officers last night at the Army, Grand boulevard and Market street. He succeeds Charles S. Thornton, who resigned in January, when transferred to the Pacific Coast by the commercial firm with which he is connected.

### BLIND BROTHERS STARVE WHEN SISTER WHO FEED THEM DIES

Bodies of Three Found in Home by Boy Who Was Looking for Junk.

CHICAGO, March 25.—Death from starvation claimed Endre and Theodore Kloster, 70, and 72 years old and blind since birth, when their sister, Anna Kloster, 65, who had cared for them and suddenly, according to a theory of police who yesterday found the bodies of the three in the building in which they had lived 50 years.

Dead for about 10 days, the three were found by a small boy, who, believing the building deserted, crawled through a broken window in search of junk plundering.

Neighbors recalled that the family once operated a prosperous bakery, but that the blind brothers seldom were seen. They owned considerable property in the vicinity. The sister devoted all of her time to ministering to the brothers after the death of their father, 14 years ago. A post mortem examination has been ordered to determine the causes of the deaths.

SPRINGFIELD, Ill., March 25.—Fred W. Kelly, district manager of the Illinois Bell Telephone Co., who said he was too busy to serve on a jury in Federal Court here, when called as juror in the trial of Ray Renard, St. Louis gangster, charged with part in a mail robbery, was fined \$50 and costs to day by Judge FitzHenry on a charge of contempt of court. Harry Jeffery, Kelly's chief clerk, charged with refusing to tell where Kelly was, was dismissed.

### SEVERAL WITNESSES IN BEER INQUIRY SAID TO HAVE DISAPPEARED

Continued from Page One.

of bribery and of aiding and abetting bribery.

Judge Paris told the grand jury also to investigate the unauthorized removal of 823 barrels of whiskey from the Jack Daniels warehouse; and the counterfeiting, possession or utterance of spurious "strip" stamps, the internal revenue stamps which are placed across the neck and neck of bottles of bonded whiskey and which are taken as guarantees of quality.

Judge Paris said that these bogus stamps are used to deceive purchasers of whiskey thought to be of ripe old age when in fact sometimes it is no older than a day or two. The possessor of these stamps is as guilty as the counterfeiter, the judge told the jury.

\$50 for Evading Renard Jury.

SPRINGFIELD, Ill., March 25.—Fred W. Kelly, district manager of the Illinois Bell Telephone Co., who said he was too busy to serve on a jury in Federal Court here, when called as juror in the trial of Ray Renard, St. Louis gangster, charged with part in a mail robbery, was fined \$50 and costs to day by Judge FitzHenry on a charge of contempt of court. ## BUILDING LABOR PAY STILL IN DISPUTE

Painters and Paperhangers Also Continue on Their Strike.

Employers and representatives of the building laborers' union failed to reach an agreement on the existing wage difficulty at a meeting yesterday. Although the laborers agreed to accept the 10-cent hourly increase originally offered.

The laborers struck March 11, when their demand for a 26-cent hourly increase was rejected by the Associated Building Interests of St. Louis, the employers' organization. At that time employers offered the laborers a 10-cent increase, and when this was refused, hired other labor at the old scale, 47½ cents an hour.

### Seeking Her Husband.

Relatives of Mrs. William Re Light of Newburg, Mo., have appealed to the Post-Dispatch to aid in a search for her husband, who has been missing since Feb. 25.

Light came to St. Louis about Feb. 1 in search of employment and was last seen Feb. 8 at the home of friends at 4220 Norfolk avenue, where he was staying. On that day he packed his grip and departed without explanation. He is described as 46 years old, 5 feet 9 inches tall, weight 180 pounds, with brown eyes and black hair. He wore a black suit with a gray sweater when last seen. He has six children.

### Hand Lender Kills Self.

## CHARGES AGAINST AUTHOR-POLICEMAN

Man Says H. Elbert Jones  
Broke Jaw Over Attention to  
Mutual Acquaintance.

Patrolman H. Elbert Jones of the Fourth District, who wrote "A Review of Famous Crimes Solved by St. Louis Policemen," is under investigation by Inspector Vasey on complaint of Frank Graber of 1526 Biddle street.

The complaining witness asserts that Patrolman Jones assaulted him and broke his jaw a week ago today at Sixteenth and Carr streets because he (Graber) showed too much attention to a mutual acquaintance.

Graber also asserts that Patrolman Jones is pushing the sale of his book at the expense of police duty.

Shortly before the assault occurred Graber said he chanced to go with Jones to a disorderly house in search of a suspect against whom he had a charge to make. They did not find the person sought, but did find a man and woman. Instead of arresting them, Graber told Inspector Vasey, Jones sold the man two police circus tickets and then arranged to sell him a copy of his book.

An X-ray of Graber's jaw is being prepared as evidence, and Inspector Vasey indicated he might prefer charges against Jones.

## \$2,500,000,000 DIFFERENCE IN BONUS COST ESTIMATES

Smoot Cites Figures of Government  
Actuary: Green Uses Those of  
Veterans' Bureau.

By the Associated Press.

WASHINGTON, March 24.—Members of Congress were confronted today with two sets of estimates, differing by more than \$2,500,000,000, on the cost of the soldier bonus bill passed by the House. Chairman Smoot of the Senate Finance Committee made public estimates prepared by Joseph McCoy, Government actuary, that the bill would cost the Government \$4,454,159,687. Chairman Green of the House Ways and Means Committee, who had said the bill would cost \$2,119,000,000 on the basis of estimates of Veterans' Bureau actuaries, characterized the Treasury estimate as "absurd."

The two estimates differed principally in the figures based on length of service. Smoot said the estimates of McCoy were figured on the basis assumed by the House in figuring its estimates "except that the real average service of those entitled to receive a bonus is used."

McCoy placed the average length of service at 394 days and the average amount of adjusted compensation due a veteran on the basis of \$1 a day for home service and \$1.25 a day for overseas service at \$598.32. This calculation was based on the assumption that the service of those who were enlisted for more than 119 days was 59 per cent overseas. The Veterans' Bureau estimate placed the average amount of adjusted compensation due at \$382.

Green said this difference was due to a basic error in the Treasury estimate. "Assuming, therefore," Green declared, "that one-half of the veterans served the maximum time overseas, and such is not the case, and that every one of the veterans is entitled to the maximum amount of adjusted service credit, the average would then be only \$562.50, against the \$598.32 estimated by the Treasury."

## CHARGES OF VENUE FOR TWO HELD FOR KIMMEL MURDER

Trial of John Rau Set for April 14  
and That of John Weimer  
for April 21.

Charges of venue were taken by John Rau and John Weimer, charged with first degree murder in the slaying of Robert L. Kimmel in an attempted holdup in Chain of Rocks Park, Feb. 15, when the case came before Circuit Judge Ittner yesterday.

Judge Hamilton, to whom the cases were sent, made a mandatory setting of April 14 in the Rau case and of April 21 for Weimer's trial, after continuances were granted because new attorneys for the men declared they had only recently been retained. These attorneys are Ernest F. Oakley, former prosecuting attorney, for Rau, and Lawrence McDaniel for Weimer.

Kimmel was shot six times when he resisted the holdup attempt. Miss Melba Hill, who was with him in his automobile, was wounded in the mouth. Rau and Weimer have confessed to the slaying. A third man, John Gardner, had admitted driving the others to the scene. His case, on a murder charge, has not yet come up.

Harding Declines Hungarian Post.

By the Associated Press.  
PARIS, March 23.—W. P. G. Harding of Boston, Governor of the Federal Reserve Bank in Boston, left Paris today to visit Premier E. Benes in Budapest for a conference on the League of Nations scheme for reconstruction of Hungary. He will collect information to enable him to advise the scheme when he returns to America. He issued a statement today explaining his reasons for declining the position of controller of Hungarian finances, saying his physicians had prevented him from accepting the League post. "It is to my very great regret," he added, "the position is one I should have regarded as an honor to accept."

## SHIP ON REEF OFF KEY WEST

Tugs Await High Tide to Help  
Float President Monroe.

By the Associated Press.  
NEW YORK, March 23.—Several cutters and a tug early today were standing by the steamer President Monroe, ashore on a reef between Key West and Miami, Fla., waiting high tide, when an effort

was to be made to float her. Officers of the Dollar Steamship Line were informed. When floated, the President Monroe will proceed to Cuba. Although the sea was calm, no effort to take the passengers off or to float the vessel was made last night, because it was felt there was no danger, the company learned.

(Sixth Floor.)

## MELLON INCOME RATES RESTORED IN REVENUE BILL

Senate Committee, 8 to 7,  
Votes to Substitute the  
Original Schedule for  
Longworth Compromise.

### DEMOCRATS PLAN COUNTER-PROPOSAL

Committee Reduces Maxi-  
mum of \$20,000 for 25  
Per Cent Slash on Earned  
Incomes to \$10,000.

By the Associated Press.  
WASHINGTON, March 25.—The  
income tax rates proposed by Sec-  
retary Mellon are again in the re-  
venue bill.

Proceeding with unexpected  
speed in its consideration of the  
bill last night, the Senate Finance  
Committee launched into the in-  
come section and by a vote of 8  
to 7 substituted the Mellon rate  
schedule for the Longworth com-  
promise adopted by the House.

Democrats of the committee,  
who have been working on a sub-  
stitute for the Longworth rates,  
were not ready to offer a counter  
proposal and voted solidly against  
the Mellon rates. Senator Jones  
(Dem.) of New Mexico, announced  
later, however, that they would put  
forward their proposed substitute  
either in committee or on the  
floor.

Chairman Smead said a motion  
to reopen the income schedule for  
committee action would be decided  
by the committee. Since eight of  
the 16 Republicans of the commit-  
tee voted to restore the Mellon  
rates, an attempt to reopen the  
question in committee would de-  
pend on the votes of Senators Mc-  
Cormick, Illinois, and La Follette,  
Wisconsin. Republicans, who were  
absent and were not represented  
by proxy in last night's vote.

Six Vote by Proxy  
Four Republicans and five  
Democrats were present at the  
committee meeting. The votes of  
Senators Reed, Missouri, and  
Gerry, Rhode Island, the absent  
Democrats, were cast by proxy  
against the Mellon rates. The votes  
of Senators Watson, Indiana;  
Elliott, Kentucky; McLean, Con-  
necticut, and Elkins, West Virginia,  
absent Republicans, were cast in  
the same manner in favor of the  
Treasury rates.

With a decision reached on this  
section, the main controversial sub-  
ject favorable, the committee was  
given an opportunity to center its  
work now on the miscellaneous tax  
schedules, with prospects of making  
a report to the Senate within  
two weeks.

The Mellon rates provide for a  
maximum surtax of 25 per cent on  
incomes in excess of \$100,000 and  
normal rates of 2 per cent on in-  
comes below \$4000 and 4 per cent  
above that amount. The Long-  
worth rates called for a maximum  
surtax of 37 1/2 per cent, against 50  
per cent in the present law, and  
normal rates of 2 per cent on in-  
comes under \$4000, 5 per cent on  
incomes between \$4000 and \$8000,  
and 6 per cent above that.

**Reduction on Earned Incomes.**  
The Treasury rate schedule, ad-  
vanced last fall before the opening  
of Congress, was adopted by the  
House Ways and Means Committee  
on a strict party vote, but was not  
supported by a large number of Re-  
publicans when the bill was taken  
up on the floor. The Democrats  
were able to substitute a plan pro-  
posed by Representative Garner  
(Dem.) of Texas, providing for a  
maximum surtax of 44 per cent  
and lower normal taxes than pro-  
posed. Later, however, all of the  
Republicans in the House voted for  
the Longworth compromise.

Little indication has been given  
of the stand the Republicans in  
the Senate will take on the rate  
contest. The Democrats who have  
been working on a substitute rate  
schedule held a long meeting yester-  
day but failed to reach a deci-  
sion.

Prior to the taking up of the  
rate schedule last night, the com-  
mittee approved with some modifi-  
cations the provision for a 25 per  
cent reduction on earned incomes.  
The maximum of \$20,000 allowed  
by the House on which such reduc-  
tion could be made was cut down  
by the committee to \$10,000.

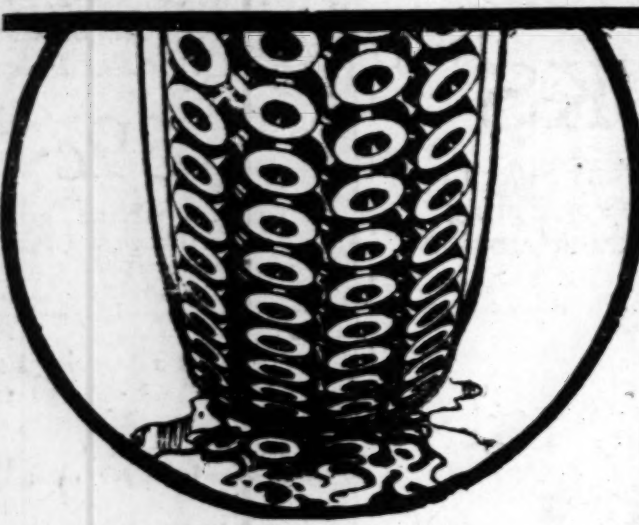

**Diabetes Cure Checking Disease.**  
By the Associated Press.  
NEW YORK, March 25.—Insu-  
lin, the cure for diabetes discovered  
by Dr. F. G. Banting of Tor-  
onto, already is checking the  
death rate caused by the disease,  
according to figures made public  
today by the Metropolitan Life In-  
surance Co. Among nearly 15-  
000,000 industrial policy holders of  
the company, the decline in the  
diabetes death rate for 1933 was  
6.4 per cent, as compared with an  
increase of 28 per cent during the  
three preceding years.

**High Costs Bar "Petroleum Week."**  
By the Associated Press.  
CHICAGO, March 25.—Plans for  
"petroleum week," scheduled to be-  
gin yesterday, have been aban-  
doned because of prospective ex-

cessive costs, it was learned from  
leaders in the movement designed  
regarding the oil industry.

## BARGAIN BASEMENT

The greatest Coat Sale ever held in the City of St. Louis before Easter. Women will wonder how such wonderful Coats can be sold at such a low price. Most every Coat will be shown for the first time, which gives you the first selection of new styles and materials. More than 1000 Coats—rack after rack—all arranged in sizes, so that you can easily make selection. The savings are so impressive that we urge you to be early. All sizes.

New Coats  
The Reason for This Sale  
On Sale at \$12.95

The cold weather and snow storms throughout the United States has delayed Spring buying and manufacturers who needed ready cash had to dispose of their Coats at very low prices. Our buyer, happening to be in New York at the time, took advantage of this opportunity and this great Coat sale is the result.

We urge every one of our regular customers to be here Wednesday morning, without fail, to share in this wonderful offering.

## ATTACKS 'SNOWBIRD' COAL SALE METHODS

Official of Retailers' Association Replies to Complaint of Trade Commission.

The methods of "snowbirds," or irregular and intermittent coal dealers, are described by E. J. Wallace, commissioner of the West Retail Coal Association, in an answer to the complaint of the Federal Trade Commission against the organization, which also is known as the Missouri State Retail Coal Merchants' Association. The complaint was issued Feb. 13 from the trade commission's headquarters in Washington, and the reply was made public today.

In the complaint it was charged that the retailers co-operated in preventing distribution of coal except through so-called "regular" channels, and prevented irregular dealers, co-operative associations and other consumers from obtaining coal at wholesale prices, or from other sources than the regular dealers. Use of a periodical, "The Coal Dealer," and of a coal trade directory, for the purpose of listing the regular dealers, was alleged.

Wallace, in his reply, says he has been trying to protect legitimate coal dealers, and the public, from the practices of the "snowbirds." He says that before he took the operation and management of the Mid-West Retail Coal Association, the legitimate dealers lacked reliable information on the economic conditions of the coal business.

Wallace declares that the "snowbirds" make false representations as to their credit, standing and business facilities, to enable them to obtain coal at wholesale prices. They operate their business, he declares, from wagons or direct from side tracks, thereby holding cars on the side tracks unnecessarily at times when cars are most needed, that they misrepresent the grades of coal sold by them; that they do not pay taxes, and are irresponsible and not to be found in case of complaint, few of them having even a telephone connection. He says the "snowbirds" have made false representations to the Trade Commission.

Wallace said today that he believed his answer was the first of its kind which had been made to the Federal Trade Commission in behalf of any concern cited by it. The Supreme Court recently decided in the American Tobacco Co. case, that the commission could not undertake a "fishing expedition" by making a general search of a corporation's records, for evidence to be used against it.

## LOUISIANA PRIMARY TODAY

Clark's Daughter First Louisiana Woman in Congressional Race.

NEW ORLEANS, March 25.—A Democratic primary to select a nominee for Congressman to succeed the late Representative H. Garland Dupre for the unexpired term ending March 4, 1935, is being held in the second Louisiana district today. For the first time in the history of Louisiana, a woman is a candidate for a seat in the national House of Representatives. She is Mrs. Genevieve Clark Thomson, daughter of the late Champ Clark of Missouri, former Speaker of the House, and wife of James M. Thomson, publisher of the New Orleans Item.

Mrs. Thomson is opposed by J. Zach Spearling, past president of the American Bar Association, and T. Semmes Walmsley, Assistant Attorney-General of Louisiana. Nomination is tantamount to election.

## SHELTON BROTHERS GIVE BOND

Special to the Post-Dispatch.

MARION, Ill., March 25.—Carl and Earl Shelton, brothers, charged with the murder of Constable Caesar Cagle on the night of Feb. 8, and whose death resulted in the Ku Klux Klan's assumption of control of affairs in Herrin and the calling of troops to Williamson County, have been released on \$10,000 bond each, after being held secretly in the Williamson County jail for two weeks.

The two brothers surrendered to Sheriff Galligan the day they were indicted by the Herrin city grand jury two weeks ago, and since that time it is alleged that klanmen and others have made a desperate effort to find them. Their presence in the local jail was kept a secret by the Sheriff until bond could be arranged so as to prevent trouble.

**Murdock Hollingshead Dies.**  
Murdock Hollingshead, a former bookkeeper in the auditing department of the St. Louis Globe-Democrat and brother of Thomas M. Hollingshead, business manager of that newspaper, died last night at his Cincinnati home, at the age of 88 years. Hollingshead was with the Globe-Democrat for 30 years. He joined its staff in 1892 and retired in the fall of 1922 to return to his old home in Cincinnati. Besides his brother, he is survived by two sisters.

low price of \$4.85.

# "And Then--"

"the day came when I found White Ban-  
ner. It was just like one of those cool  
delightful little inns I used to seek out  
high up in the Swiss Alps after a long day's

tramp. How restful! How delicious that  
bit of cheese and that draught from the  
cool spring, and how wonderful that white  
clean bed—and the mountain breeze."

# White Banner Malt Extract

It isn't strange that this pure "made to  
please you as much as we can" Malt  
Extract brings back thoughts of our  
most enjoyable days. How could White  
Banner do otherwise when the malsters

who make it have been malsters for 35  
years, some of them, and who follow  
the command of their cherished leader:  
"Make it just as you would for your  
own mother."

White Banner is Union Made, 100 per cent pure and is  
sold by all Grocers and Delicatessens in full 3-lb. cans.

Premier Distributing Co. Commercial, Walnut St. Louis, Mo.  
and Wharf Streets.

# NEGRO "FIXER" GETS YEAR IN WORKHOUSE

Willie Ross Admits Attempt to  
Bribe State's Witness in  
Criminal Case.

Willie Ross, a negro, was sen-  
tenced yesterday when he pleaded guilty  
of attempted bribery of a State's  
witness in a criminal case.

The charge grew out of the trial  
and conviction of Maggie Mason, a  
negress, for robbing George Ram-  
pott of 2519 North Broadway of  
\$23, near Wash. and Thirtieth  
streets, Dec. 23 last. She was sen-  
tenced to life imprisonment as a  
habitual criminal.

Rampott was in court when the  
Mason case was first called, but  
had disappeared when the court  
was ready to proceed in the matter.  
He was brought in under an at-  
tachment and told the Circuit At-  
torney that he had left because  
Ross had told him to go home, that  
"everything was fixed" and there  
would be no prosecution. He de-  
clared that Ross had taken him to a  
woman relative of the Mason  
woman and there offered him \$30  
to "forget the case." Rampott re-  
fused to accept the money and tes-  
tified against the woman.

# CONGRESS IS URGED TO END IMMIGRANT PACT WITH JAPAN

House Committee Says "Gentle-  
men's Agreement" Used to In-  
crease Population From Orient.

WASHINGTON, March 25.—Im-  
mediate cancellation of the "gentle-  
men's agreement" with Japan  
regarding immigration would be  
justified in the opinion of the  
House Immigration Committee,  
which has submitted a formal  
report of the Johnson Immigration  
bill modified to meet some of the  
objections to its provisions raised  
by Secretary Hughes.

The committee agreed to give  
wider latitude for the admission of  
Japanese coming to this country  
for business purposes, but declined  
to yield on its contention that  
aliens, generally, who are ineligible  
for citizenship should not be per-  
mitted to enter.

Asserting that terms of the "gentle-  
men's agreement" have never  
been disclosed, the committee said  
it gives Japan, instead of the  
American Congress, control over  
Japanese immigrants. While it has  
been in force, it was added, the  
Japanese population in the United  
States has steadily increased.

"This much is certain, as indi-  
cated by instructions to immigra-  
tion officers at ports of entry," the  
report continued "Under the agree-  
ment the United States bound it-  
self to admit any Japanese who  
presents himself bearing Japan's  
passport unless he is afflicted with  
contagious disease. Congressional  
prerogatives of regulating immigra-  
tion from Japan have been sur-  
rendered to the Japanese Govern-  
ment. That condition coupled with  
the fact that the terms of the  
agreement are secret would justify  
immediate cancellation of the  
agreement."

# BEAUTY EDITOR SAYS BOBBED HAIR IS WAY TO BALDNESS

Hats With Tight Bands to Keep  
Them On Will Cause Death of  
Tresses, He Says.

By the Associated Press.

NEW YORK, March 25.—Bobbed  
hair is a sure means for causing  
baldness and it will not be many  
years before the world is filled  
with bald-headed women, Joseph  
Byrne, editor of a Beauty Maga-  
zine, said in addressing the annual  
convention of the American Master  
Hairdressers' Association yester-  
day.

Milliners, he explained, in order  
to conform to present-day hair  
style, have been obliged to make  
head bands exceedingly tight to  
keep the hats on, resulting in the  
death of the hair. Byrne asserted  
that girls of the present genera-  
tion would be bald before they  
reached maturity.

Charles Neale, vice president of  
the association, characterized the  
bobbing of hair as the greatest  
misfortune to come to women in  
recent years.

On the other hand, Mrs. S. T.  
Burgess of Madison, Wis., who said  
she had been studying beauty cul-  
ture for 35 years, expressed the  
opinion that bobbing of hair was  
the greatest benefit the modern  
woman enjoys.

# MAY INDORE LA FOLLETTE

Local Branch of Progressive  
League To Meet Tomorrow Night.  
Indorsement of Senator La Fol-  
lette as a third party candidate for  
the presidency is expected to be  
voted on by the Missouri Branch  
of the National Progressive League  
at a buffet supper and dance at  
Hotel Statler tomorrow night.

The league will also discuss  
plans for calling a State conven-  
tion for the election of delegates  
to the national convention of Pro-  
gressives at Minneapolis, June 17,  
which is expected to nominate La  
Follette, said Sheridan Carlisle,  
president of the Missouri branch.  
The league is planning to place a  
full State and local ticket in the  
field here for the fall elections,  
Carlisle added.

Publishing Company Office Dies.

By the Associated Press.  
CHICAGO, March 25.—James  
McNally, vice president of the  
Rand, McNally Co., publishers,  
died yesterday in Pasadena, Cal.,  
of pneumonia, according to advices  
received here.

Judge Bagby's Case Continued.  
Special to the Post-Dispatch.  
FAYETTE, Mo., March 25.—The  
case of Prohibit Judge David Bagby,  
who shot and killed John M. Tay-  
lor in the courthouse here Dec. 29,

was continued until the May term  
by the Circuit Court here yesterday.  
The trial was to have been held  
yesterday, but Bagby's lawyers told  
the Court that his physical con-  
dition would not allow him to stand  
the strain of a trial.

## BRITISH PLANE STARTS ROUND-WORLD FLIGHT

Three Flyers, in 450-Horsepower Craft, Head for Lyons, France, First Goal.

By the Associated Press.  
SOUTHAMPTON, March 25.—A British plane started today on a flight around the world. Squadron Leader A. Stuart MacLaren took off from the Calshot airdrome shortly after noon.  
In bright, calm weather, the flight got under way, only 40 minutes behind schedule.  
To the accompaniment of cheers from a large crowd the flyers were escorted out of Southampton waters by a squadron of naval planes and land planes. Lord Thomas, the Air Minister, bade them God-speed.  
Only enough gasoline for a 15-hour flight was carried and the airmen expect to reach Lyons, 453 miles distant, before sunset. They will proceed from Lyons to Rome, 350 miles, tomorrow.  
The first goal of the aviators is Lyons, France. MacLaren is accompanied on the flight by Flying Officer Penderleith and Sergeant Andrews. They are using an amphibian "Vickers" Vulture, with a 450-horsepower motor.  
From Lyons the route will be to Brindisi, Italy; Athens, Cairo, Baghdad, Basra, Karachi, Calcutta, Rangoon, Hongkong, Tokyo; over the Aleutian Islands and thence to Vancouver, Toronto and Newfoundland. The hop over the Atlantic will be by way of the Azores and Lisbon.  
MacLaren served with the British Air Force in Africa and Palestine during the World War and has had much experience in long-distance flying. Penderleith will assist as pilot and Andrews will do the mechanic's work.  
Each of the trio belongs to the Royal Air Force, but their effort to circle the earth before the Americans, who left California last week to turn the trick, is purely a private venture, they being supported financially by the corporations which built their plane and its engine, and the petrol manufacturers. They will, however, have at their disposal the facilities of the Royal Air Force along the routes and in the overseas possessions of the empire.  
The British airmen will use only one plane, compared with four which Americans are using.  
The total mileage of the proposed route is 23,260. MacLaren said that, barring accidents, he should make it in less than 300 hours of actual flying.  
Army Air Cruisers Being Converted Into Seaplanes.  
By the Associated Press.  
SEATTLE, Wash., March 25.—Four United States Army air cruisers, on a globe-encircling flight, now being converted into seaplanes in preparation for the next lap that will take them to Prince Rupert, B. C., next week, will be swung on to pontoons tomorrow and moved to buoys in Lake Washington.  
Maj. F. L. Martin, commander of the squadron, and mechanics, have completed inspection of the steering gear of the flagship. The motor of plane No. 2, piloted by Lieut. Lowell Smith, has been thoroughly overhauled. Minor repairs have been made on the wings of Lieut. Erik Nelson's plane, and Lieut. Leigh has washed in installing a new engine in the cruiser piloted from Santa Monica, Calif. starting point of the 23,000-mile trip.

## WIDE VARIETY OF EXHIBITS AT MADE-IN-ST. LOUIS EXPOSITION

Several Hundred Persons in Attendance During Night at Coliseum.

The opening night of the first Made-in-St. Louis Exposition attracted several hundred men, women and children to the Coliseum last night where thousands of St. Louis products ranging in wide variety from anesthetics to airplanes are being shown.

The booths, in a circle around the main floor, include unusual exhibits of household appliances, armchair-beds, bottled soda pop, pressure cookers, self-heating water bags, cosmetics, cigars and smoking accessories, floral decorations and candles. A new type of airplane stands as if ready for flight at one end of the hall. Blind men and women of the Missouri Commission for the Blind exhibit their skill at rug weaving and other jobs in one booth, and others are devoted to philanthropic and club interests. A 12-piece Gene Rodenbach orchestra furnishes music.

The Made-in-St. Louis show will continue throughout this week with performances daily at 2 and 8 p. m. The Woman's Chamber of Commerce will present the American Grand Opera Club in a musical program tomorrow afternoon, and other organizations plan special features.

Jugo-Slavia Plans Coalition Ministry.

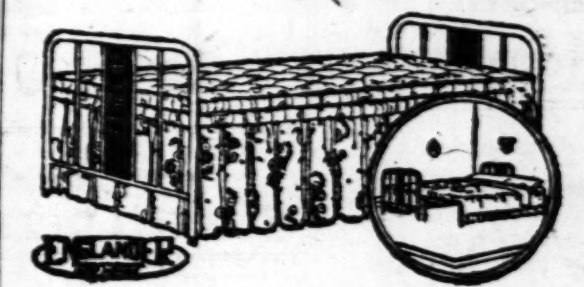

By the Associated Press.  
BELGRADE, Jugo-Slavia, March 25.—Nikola Pachitch, whose Cabinet resigned yesterday, endeavored to form a coalition ministry. After a consultation with M. Javanovich, President of the National Assembly, King Alexander requested M. Pachitch to form a coalition ministry. He agreed to assume the task and will consult the various party leaders in an endeavor to obtain acceptable ministers. Whether M. Pachitch succeeds or fails, new elections are probable.

**ST. LOUIS POST-DISPATCH**  
 Founded by JOSEPH PULITZER  
 Dec. 12, 1878.  
 Published by the Pulitzer Publishing  
 Company, Twelfth Boulevard  
 and Olive Street.

#### THE POST-DISPATCH PLATFORM

I know that my retirement will make no difference in its cardinal principles, that it will always fight for progress and reform, never tolerate injustice or corruption, always fight demagogues of all parties, never belong to any party, always oppose privileged classes and public plunderers, never lack sympathy with the poor, always remain devoted to the public welfare, never be satisfied with merely printing news, always be drastically independent, never be afraid to attack wrong, whether by predatory plutocracy or predatory poverty.

JOSEPH PULITZER.  
 April 10, 1907.

#### LETTERS FROM THE PEOPLE

The name and address of the author must accompany every contribution, but no request will be published. Letters not exceeding 200 words will receive preference.

#### The Rumely Conviction.

To the Editor of the Post-Dispatch:  
 WOULD it not be possible for the Senate to investigate Dr. Rumely's case and find out:

First, how it happened that a most important piece of evidence which was in the hands of the Government and which was most favorable to Dr. Rumely was not given to the jury. I mean the evidence revealed later by Mr. Nagel of St. Louis, a former member of Mr. Taft's Cabinet.

When this evidence was presented to all the members of the jury that could be found that tried Dr. Rumely—eight in number—without exception these jurors expressed the idea that had this evidence which was in the possession of the United States Attorney been presented, it would have caused either an acquittal or a disagreement. Five of them agreed that "since in our judgment this new evidence would have altered our verdict or resulted in a disagreement, we therefore respectfully recommend that by the exercise of executive clemency this verdict be completely set aside."

Second, how it happened that a great mass of material, terribly damaging although untrue, was sent to the jury room by the Government, although it had not been presented in court, and against the remonstrances of Dr. Rumely's chief counsel.

Third, would it not be possible for the Senate to find out why the New York Bar Association issued a statement that in this trial Dr. Rumely had been denied three fundamental constitutional rights? In an editorial career of nearly 40 years I have never known such a travesty of justice. I have never before had such a sense of insecurity. Dr. Rumely is a man of extraordinary courage and energy. He has suffered tremendous financial losses. He is now in prison. He is no longer on trial. The Government of the United States is on trial.

S. S. McCLELLAN.

#### Protection Through Organization.

To the Editor of the Post-Dispatch:  
 THE Post-Dispatch is to be highly commended for its splendid articles and editorials of enlightenment on that all vital subject of "Child Labor."

The child life of our nation, which is of such vital importance to the preservation of our nation's future is worthy of the consideration such as you are endeavoring to give in your educational campaign against this unholiest custom of permitting these innocent victims to be exploited by the greed of men.

It is true, as one of your recent editorials stated, that it is only too evident that child labor cannot be abolished by legislation. Greed, like morals, cannot be legislated out of men any more than morals can be legislated into men. But we would beg to call your attention to the fact that the American Federation of Labor has always given its fullest support to the strict enforcement of child labor laws, and we point with pride to the fact that in the organized ranks the full spirit and letter of the law has been lived up to, and will continue to, despite the decision of our Supreme Court declaring it void.

Legislation, although with vigilance and great expense to the Government, has never proven to be the relief workers are seeking, and the fact remains that organization and not legislation has been the only real protection the toilers have ever enjoyed. MARY E. RYDER, Neogaughan Union No. 2.

#### Postal Department Not Self-Sustaining.

To the Editor of the Post-Dispatch:  
 A GENTLEMAN of Missouri averred in this column inter alia, that the Post-office Department was self-sustaining. A gentleman of Illinois read the statement, and forthwith denies that the Postoffice Department was ever self-sustaining, quoting a single annual deficit to bolster his unimpeachable avowal. Now, the gentleman of Missouri being in no wise desirous of wasting time and ink on a long series of polemic statistics leading to no possible conclusion, is disposed to demonstrate the gentleman of Illinois' lack of logic in a somewhat homely, but none the less collateral, exposition.

John is 14 years old. John works, earning a weekly wage of \$12. John turns over to his father \$11 every week, keeping \$1 for pocket. Now, John lives at his father's house, for which his father pays a high rental, eats at his father's board, and is clothed by his father with such stylish clothes as are many of the family budget. Finds that \$12.50 is John's share of the expense. However, John turns over \$11 every week without fail. Can it be logically said, then, even though John is in deficit to some amount every week, that he is not self-sustaining? THEO. T. WELICK.

#### IF CONGRESS HADN'T INVESTIGATED.

It is a great pity, of course, that Congress should have to expend energy and time in investigating corruption which should have been devoted to necessary legislation. Mr. Coolidge has deplored that fact, so has Senator Borah and so have many newspapers.

Yet Mr. Coolidge and those newspapers will admit that the things being investigated ought to be investigated. They would not dare contest the point. Conceding, then, that Congress is doing those things that ought to be done, just what is their grievance? The failure of Congress to enact necessary legislation is serious, to be sure, but is it a competent objection? As a matter of fact, the outstanding legislative failure of Congress had to do with taxation, and to what extent is the investigation responsible for that? The failure to give the country tax relief is chargeable to the House, which has had nothing to do with the investigation. It is the Senate that has been doing the investigating, and, accordingly, the complaint against Congress for failing to legislate is mistakenly drawn.

But even if it were true that the investigation has diverted Congress from its constitutional function and prevented necessary legislation, what have Mr. Coolidge and his newspaper supporters to propose? Do they wish to be understood as saying that this investigation should not have been conducted? If a Cabinet officer can sell himself, as Fall did, turn priceless public property over to private exploiters and destroy the settled policy of conservation upon which the permanent fame of the great Roosevelt must rest—if a Cabinet officer can do that and get away with it without investigation, just how long could the Government at Washington endure?

We assume, too, that Mr. Coolidge and the newspapers that are decrying Congress are agreed that the unspokeable Forbes and his wanton betrayal of the sick and wounded soldiers ought to be investigated. They will also acknowledge, we are sure, that the Department of Justice must not continue to be a rendezvous of crooks and grafters.

In the case of the incompetent Denby it is unnecessary to assume that the President and the anti-investigation newspapers believe he should have been investigated. The President's acceptance of Denby's resignation and the comment of most of those newspapers on that fact attests to the propriety and wisdom of that particular investigation. And, finally, we have the unanswerable fact that all these things were done without so much as a murmur of disapproval from any other department of the Government. Indeed, nobody at Washington seemed to know or suspect that any wrong had been done until Congress, by resolution, demanded an inquiry. So far as the public knows, if it had not been for La Follette and Kendrick and Reed of Pennsylvania and the avenging spirit of Senator Walsh, along with the unblinking determination of Wheeler, there would not today be a ripple on the placid surface of Washington and Fall, Denby, Daugherty, Doherty, Sinclair and the whole camorra would be "sitting pretty." Normalcy would be in high feather. "Business in Government" would be hitting on all cylinders. Captains of industry, like Mr. Schwab, would have no occasion to speak the hateful word, "hygiene." All would be just lovely in the House of Capua.

Is that what Mr. Coolidge wants? Is that what these newspapers of beautiful manners and no morals want?

#### KNOWING WHEN YOU'RE LICKED.

Senator Reed, evidently, knows when he is licked. Mr. McAdoo, apparently, does not. Does this mean that the Senator is the smarter of the two? Or does it simply mean that Mr. Reed has been in politics a good deal longer than Mr. McAdoo? The Senator shows far better judgment and spirit than his recent opponent.

#### THE BATTLE OF THE TYPEWRITERS.

The Democratic National Committee has seen fit to issue a long and detailed statement in refutation of the claims of the Republican National Committee that Secretaries Fall and Deby, in leasing the naval oil reserves, were but carrying out the policies inaugurated under Secretaries Payne and Daniels of the Wilson administration.

The recital will never become popular literature because it places too great a burden upon the remembrance and understanding of the physical situation in the oil fields. It does clearly establish, however, that Secretary Fall reversed the policy of Secretaries Lane and Payne and withdrew a request made of the Department of Justice by Secretary

Payne to proceed against the Standard Oil Co. and the Doherty interests, which were wrongfully in possession of Naval Reserve No. 1.

There is little chance that the practiced propagandists of the oil interests and their allies, the Republican organization powers, can make an impression upon the public that will balance off the open record made by the respective administrations. To the die-hards who first decide how to vote and then seek a reason to justify their decision, however, the organization literature will be a friend in need.

#### CITY'S STREET RAILWAY INTEREST.

Who is looking after the city's interests in the reorganization of the United Railways? Every interest is represented in the proceedings to reorganize the local railways system except that of the city.

The city has a profound interest in the reorganization of the street railways for future service. It is true that the city has no power to determine valuation nor fares. That power rests with the State Public Utility Commission. But the basis upon which the reorganization will be effected and the future relationship between the city and the company, and the regulation of service, will affect every citizen of St. Louis who uses the street car system.

The Post-Dispatch suggested consideration of the Cleveland plan of street railway reorganization, in which the control of service was vested in the city under an agreement by which the return on the capital of the street railway company is guaranteed. Through a Street Railway Commissioner the city decides on the extension and improvements and has access to the books of the company; the fares are regulated by the cost of service.

In order to adopt a plan by which the street railway system and the city will co-operate for good service and an equitable return on investment, agreements on the basis of future operation should be reached now. Steps should be taken to keep in touch with reorganization plans, to co-operate in every possible way to assure a good plan, and to obtain the approval of the Public Utility Commission for a sound arrangement.

A commission of from one to three men, capable and devoted to the public interest, could serve an extremely valuable purpose in this crisis. The assurance of good service under sound conditions of co-operation depends upon the conclusions reached in the plan of reorganization and the relationship established between the city and the company.

The city authorities should move to protect the interests of the people in this matter of vital importance.

#### THE MORAL OF ANDERSON.

William H. Anderson, former State Superintendent of the Antislavery League of New York, enters Sing Sing today to serve a term of imprisonment for forgery. Thus ends a career that should prove an object lesson to Antislavery Leagues everywhere.

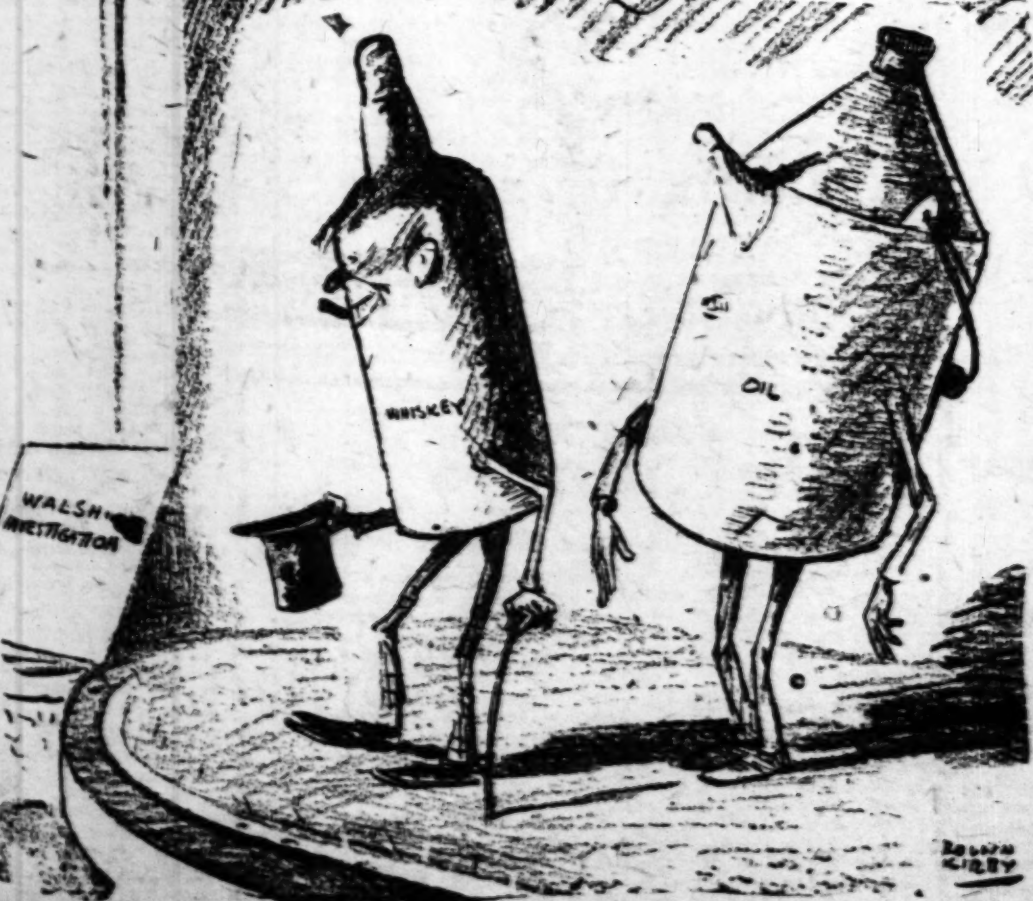

There has been no more offensive figure in the league's official roster than Anderson. With the vast funds of the organization at his disposal, for which, until recently, no accounting was required, Anderson revealed in his dictatorship. Any man in public life who dared to disobey his orders was marked for political execution, and his Tarquin tongue lashed any man of consequence who presumed to question any act or policy of Anderson or the league. When, finally, his overreaching avarice led him into crime he raged like a terrorist against the grand jury that indicted him and spun out reams of melodramatic nonsense about a conspiracy that sought his undoing.

It is patent, of course, that conspiracies do not make criminals of innocent men. Such things happen easily in fiction and on the screen, but they don't occur in actual life. The reformer in salaried office who is forever "blaming" his own righteousness and thundering about the wickedness of all who do not acclaim him need not necessarily be suspected; but the moral of the Anderson story is that such a chap's books should be examined.

Archaeological finds have been added to California's catalogue of wonders. The wind-jammer State now boasts the oldest bones.

FIGHTING FOR THEIR LIVES.

#### JUST A MINUTE

(Copyright, 1924.)

Written for the Post-Dispatch  
 By CLARK McADAMS

**EVENING SONG.**  
 YOUR eyes are like the twilight dusk.  
 The night-bird's wing, your hair;  
 Your smile is like the golden mist.  
 Your face is everywhere—

Appearing in the shifting cloud.  
 From smoky rings, or gnarled tree,  
 Beyond the shadows, from the hills  
 And burning skies, you come to me.  
 I wonder what you bring to me  
 Of passion and of pain.  
 As I watch the saffron colors fade  
 And the summer twilight wane.

JOSEFUS.

#### STATEMENT OF AN OIL MAN.

(It's all a fable.)

I was once high and possessed of great power in the councils of my countrymen. Now I am low and without credit in any land. My fate is the portion of one who betrayed the interests of the country that gave him birth and shelter in his youth. I ask for no commiseration, expect no charity. I speak that these who shall follow and rise to high places may hear and take heed. I have learned that there is nothing of value gained that is good unless honestly earned. The riches acquired through treachery and bribery are as ashes in my mouth; I have learned that absolute knowledge (which he seeks) is impossible for unabsolute beings (as no one ever doubted), but that men stubbornly refuse to use, as the base of their philosophy of life, the one undoubted article of human knowledge which the natural order has irrevocably imposed upon them, and by which they must live their more or less instinctive lives. I suggest that you gently lay this situation before Ignoramus. He really should be told; and service, I hear, is the chief end of man.

KSD: A want ad:

**TROUSERS**—Lost; left on 15th Belt line car, March 21. Return to 1529 St. Louis; reward. Tyler 1940.

I knew the United Railways were getting the clothes off our backs, but I didn't know they were getting anybody's trousers.

Sir: Concerning Ignoramus' plaint that he knows "nothing about nothing," I'll say to you privately that, if he has turned the No. 50 pylon, he's a goner. If he is younger than that he should cheer up, for the worst is yet to come if he doesn't watch his step. He may live to learn that absolute knowledge (which he seeks) is impossible for unabsolute beings (as no one ever doubted), but that men stubbornly refuse to use, as the base of their philosophy of life, the one undoubted article of human knowledge which the natural order has irrevocably imposed upon them, and by which they must live their more or less instinctive lives. I suggest that you gently lay this situation before Ignoramus. He really should be told; and service, I hear, is the chief end of man.

#### ROUSE THYSELF, ST. LOUIS.

IN our city institution vicious pagans kill and maim. And evade just prosecution. What an outrage! What a shame! Helpless inmates unprotected, feeble-minded, bent with age. Are most fiendishly subjected to their wrath and savage rage. Brooding souls deserving pity—some just groping for their graves. In your care, progressive city, they are tortured by these knaves. In the name of God and justice, rouse thyself, or you'll regret. He, himself, may come to trust us. If you fail—He won't forget!

G. WHITTAKER.

**"THE TYRANNY OF IDEAS."**  
 Sir: Our esteemed contemporary, Plin-thouros, having taken this writer seriously to task because of a plain statement of a well-known fact that we are all persons "bond-slaves to our own phraseology," concludes by advising him to write a monograph on "The Tyranny of Ideas."

A monograph on the tyranny of ideas, both true and false, would, in the classic language of an old-time amateur poet, "make a book that would reach from Richmond to Sandy Hook." Some book! Some job!

It would embrace the history of mankind from the time when a bright idea suggested itself to one of our simian ancestors to put on a pair of pants and establish the missing link in evolution, down to the present-day lean-and-slipped-pantaloon idea that the secret of youth resides in the glandular organism of the modern living representatives of the original ancestral type.

It would embrace the history of the idea of the divine right of kings from the time when a stalwart son of Jesse, wandering around over the prairie in search of a bunch of asses that had gone astray, met up with an inspired prospector, who poured some consecrated oil on his dome and proclaimed him King, down to the modern instance of a self-consecrated dictator who has put the It in Italy.

It would embrace the history of the idea of the divine right of the majority to tyrannize over the minority from the earliest instance of human slavery, and religious or racial persecution in the name of patriotism, down to the modern idea of patriotism that would organize an invisible majority to seize the Government, annul the present constitutional guarantees of the rights of the minority, and inaugurate a reign of anarchy and terror.

It would reveal the fact that the only ideas that tyrannize over men are in their very nature false ideas, and that true ideas are in reality not ideas at all but revelations of the eternal truth that makes men free. For a monograph on the tyranny of ideas get Wynwood Reid's "Martyrdom of Man," read it and then swallow a dose of quinine to take the bitter taste out of your mouth.

#### "MAC" GAVE US CHEAPER GASOLINE.

The Sunshine State is in a fight. The fight is good and just. And fight we will, for right we'll fight. We'll fight for right or bust.

Chorus:  
 "Mac" gave us cheaper gasoline  
 While he was Governor  
 But Gunderson will be the next  
 And he our Senator.  
 So "Tom" will have to stay at home.  
 And "Mac" will have to go.  
 "Mac" will put up a yes-or-no  
 Where Sterling voted No.

This will be enough of that, but contrast to it our own colorless and unimpaired Missouri primaries.

#### The MIRROR

PUBLIC OPINION

#### SABBATARIANISM IN NEW JERSEY.

THE New Jersey blue law commission is to be developing logically in the County. Chief of Police Battaglia of the City has ordered policemen to enforce complete lists of lawbreakers. So far the 10,000 lawbreakers grand jury action have been proposed. Chief Battaglia proposes to enforce as he can of the parents. Under the law they are no less liable. A commission would include most of the residents of the county.

On the other hand, the citizens of the Society for the Prevention of Cruelty to Animals think that a halt on this comedy. Were the time seems to have passed the State Legislature has adopted an amendment of the law of 1914 that would amend the conditions and habits of the what may be the effect of an amendment. However, that the amendment against "this comedy" of the same name is the same who demand enforcement of other summary laws.

There is no denying an element of comedy—particularly in the law as it is applied. The law is a comedy of the law and compromise and makes the law a serious matter. There is a reasonable definition of the law, lying somewhere between the law of the land and the law of the land.

It would embrace the history of the idea of the divine right of the majority to tyrannize over the minority from the earliest instance of human slavery, and religious or racial persecution in the name of patriotism, down to the modern idea of patriotism that would organize an invisible majority to seize the Government, annul the present constitutional guarantees of the rights of the minority, and inaugurate a reign of anarchy and terror.

#### THE OPEN-DOOR POLICE.

FROM the annual report of the Department of the Interior to the President of the United States, we chance upon the following introductory remarks: "Entrance to the office of the Secretary of the Department was thrown open and the executive headquarters made accessible to the public, and the handling of the public business behind closed doors impossible and the same time giving the public the opportunity to look in and see its own business being handled."

In keeping with this spirit, the Department was ordered, Nov. 17, 1913, to have shades, blinds and curtains on the corridors be kept raised, and the activities of a Federal Bureau of Investigation to be open to the public.

#### FREEDOM OF THE AIR.

From the Philadelphia Evening Ledger.

SECRETARY HOOVER has been maneuvering for control of the Federal radio transmission that the Federal Government, rather than any private organization of citizens, will have control of the air, just as it has control of interstate waterways and communication in the inland waterways. The Department of Commerce refuses to license any group which is not a monopoly radio, since the long-run. Secretary Hoover has found a short cut to the goal, for a while, began to appear like a distinctly difficult problem.

#### MUSIC

San Carlo Singers Open Engagement With Sterling Performance of "Rigoletto."

**THE CAST.**  
 Duke of Mantua.....Demetrio Onofri  
 Rigoletto.....Mario Basilio  
 Gilda.....Cesareo Escobar  
 Sparafucile.....Pietro di Biasi  
 Maddalena.....Anita Kilmora  
 Monterone.....Nafale Cervi  
 Conte di Ceprano.....Pietro Canova  
 Contessa di Ceprano.....Francesca Marcolini  
 Borsa.....Francesco Curci

#### By RICHARD L. STOKES.

THE daring Signor Fortune Gallo chose that startling novelty, Verdi's "Rigoletto," for last night's launching of the San Carlo Opera Co.'s engagement at the Odéon. But by way of compensation, three singers new to this city were introduced—Demetrio Onofri, Rumanian tenor; Mario Basilio, Italian baritone; and Cesareo Escobar, Mexican coloratura soprano. Basilio's robust vocalism and vehement acting in the title role made a particular impression. The large audience seemed inclined to vote that a pleasant entertainment was had by all.

Of course, Metropolitan standards are not expected of this itinerant troupe, now paying its tenth visit to St. Louis. The chorus is far from exemplary, and the orchestra is small. Thanks to a rainy week, there were spick and span new settings. It is related that Gallo a message to this effect: "Company in terrible wreck. Seven whelms upon the worried Impresario telegraphed in haste: 'Is the scenery damaged?' It was, and also two of the troupe were hurt, though only slightly."

Basilio, who is filling his first season in America and who is said to be engaged for Ravinia Park this summer, carried off the honors of a performance that was generally well sung. As the wandering buffoon whose crimes recall so appallingly on his own head, the youthful singer acted with powerful emotional stress, and delivered his text with such burning intensity that it sometimes burst the limits of song and exploded into education. Under this tension, the voice was more than once driven off the pitch. But it is a monorous and, at times, with an excellent high register.

Miss Escobar was attractive to see, and often charming to hear, though her singing was quite uneven. At its best it had the true high, fluting quality of a soprano; and, at its worst, it was a series of notes were exquisite in tone, tender and caressing in feeling. Her "Caro nome" had the most success. Onofri exhibited a splendid and somewhat grooved tenor. These three, with Miss Kilmora, sang the quartet spiritedly, but strangely enough it was not successful.

#### Old Acquaintances Welcomed.

The audience welcomed several singers familiar here from previous seasons, such as the sterling basso, Pietro di Biasi, and the veteran Natalia Cervi. Carlo Peroni's accomplished conducting brought forth greater resources from orchestra and chorus than might have been expected. Once after an intermission, he was compelled to stop the orchestra in order to glare a group of chatters in the audience into silence.

Miss Edda Vettori, dramatic soprano and former St. Louisan, will sing the name-part in "La Tosca" tonight. Others in the cast will be Gastano Tommasini, tenor, as Cavaradossi, and Mario, Valle, baritone, as Baron Scarpia. Peroni will conduct.

#### JEWISH HOSPITAL FUND NOW

\$688,000; DRIVE EXTENDED

Total of \$750,000 in Subscriptions Being Sought in Campaign.

The Jewish Hospital campaign, scheduled to close last night, will be continued until early next week in an attempt to reach the goal of \$750,000 for which work has been canvassing eight days.

Prodded by \$648,000 had been reported when team members returned last night at a final dinner at the Columbia Club.

Team captains declared they believed the remaining \$102,000 could be raised in a few days. The \$750,000 is to be used to complete the \$2,000,000 fund needed to erect the new Jewish Hospital at King's Highway and Forest Park place. It is hoped to break ground there next month.

Teams No. 12 and 14, captained by David Sommer and Mrs. Edward Platt, have obtained the largest amount in subscriptions. It was announced. Teams No. 3 and 4, of which Mr. and Mrs. David Klemm are the leaders, come next. About 240 persons have been actively engaged in the campaign.

#### Steamship Movements.

By the Associated Press.

## Social News

VISITING IN CHICAGO

MRS. ALFRED W. BROWN OF 5915 Cabanne avenue, Mrs. Grandison Royston of the Hanley road, and Mrs. Edward S. Humphrey of Chicago, who are in Chicago for 10 days. They will be a guest at the Drake Hotel.

MISS LUCY TERRY, debutante daughter of Mr. and Mrs. Albert Terry, of 5231 Westminster place, was honor guest at a luncheon given today by Mrs. James McClure of 4917 Pershing avenue. Miss Terry is a graduate of the Westover School in Connecticut, and the guests included some of the alumnae and a few of the young women home for the spring vacation.

Mr. and Mrs. John L. Fowler of 23 Westmoreland place will return home the first week in April from California, where they have been since early winter.

Mr. and Mrs. Leo de Smet Carton of 2577 Waterman avenue and their son, Langdon Carton, are in Chicago. They are expected home tomorrow.

Mrs. John E. Denver Jr. of 15 Washington terrace, and her debutante daughter, Miss Jane Parsons, returned last night from a trip to Pass Christian, Miss., and the East.

News of St. Louisans traveling abroad includes the trip being taken by Miss Josephine Lawlin, daughter of Mr. and Mrs. Louis D. Lawlin, Miss Emily Kauffman, daughter of Mr. and Mrs. Frank E. Kauffman, and Miss Matilda Moulton, daughter of Mr. and Mrs. W. H. Moulton. They have landed in Naples, after two interesting weeks in Sicily. They will go next to Rome and Florence, Italy.

Miss Josephine Garrett, debutante daughter of Mr. and Mrs. Thomas H. Garrett, is in Florence now. She will return in June, while the other young women have planned to remain until autumn.

Mrs. and Mrs. Francis C. Case of 494 Pershing avenue, who have been in California all winter, are now at the Alexandria Hotel in Los Angeles. They will return home in a fortnight.

Mrs. Edward E. Haverstick of 4919 Forest Park place and her son, Kenneth, who have spent the past month in Florida, will return home next week by way of Washington, D. C.

Because of the unexpected early arrival of the honor guests, the luncheon planned for tomorrow in the home of Mrs. John O'Hara Coe, was given today. Mrs. Coe's guests will include some of the St. Louis alumnae.

There will be a luncheon at the Wednesday Club tomorrow at 12:30 p. m. The assisting hostesses are Misses W. P. Samuel, George Dobler, W. N. Matthews, H. C. Meyer, and Mrs. Carl F. G. White, chairman.

Miss Marjorie Little, daughter of Mr. and Mrs. Alden H. Little of 4610 Pershing avenue, will return home Friday from the Ogontz School in Philadelphia for a week's vacation. She will be much feted at informal parties being given for returning students. Miss Little will be a debutante next fall.

An event of interest to Kirkwood people will be the marriage Thursday, March 27, of Miss Elizabeth C. Kirkwood, daughter of Mr. and Mrs. George W. Kirkwood, and Mr. George W. Kirkwood, son of Mr. and Mrs. George W. Kirkwood. The ceremony will be held at the Kirkwood home.

William R. Humphrey, son of Henry H. Humphrey of 5586 Bartmer avenue, and Miss Mary E. Youlton, will be married Thursday, March 27, at 10 o'clock.

ST. LOUIS ORCHESTRA HEARD 3 TIMES AT MONTGOMERY, ALA.

Conductor Ganz, Mrs. Carpenter Pampari and Gussakoff are the soloists.

Special to the Post-Dispatch.

MONTGOMERY, Ala., March 25.—Three concerts given here by the St. Louis Symphony Orchestra aroused the enthusiasm of audiences at the City Auditorium, including many musicians from throughout the Montgomery district.

Rain interfered with the attendance at a special matinee Sunday, but the program was well received. Mrs. Helen Traubel Carpenter, St. Louis soprano, and Grazia Pampari, harpist, were soloists.

An afternoon concert yesterday was attended by several hundred school children. Frederick Fischler conducted part of the program. Encores were frequent.

Last night Conductor Ganz was soloist, playing the minor key concerto of Chopin's waltz in concert. The orchestra program included Gluck's overture, "The Overturn to Tannhauser," and a Tchaikovsky's symphony.

At the afternoon concert Michel Gussakoff, violinist, played a rondo by Saint-Saens and the Meditation by "Thals."

## ARCHBISHOP GLENNON MAY GET WALSH HOME

His Entrance as Prospective Buyer Calms Dispute Started by Undertaker.

The J. J. Walsh mansion at 4510 Lindell boulevard likely will become the residence of Archbishop Glennon and all strife concerning its ownership that has been in a state of suspense since the death of the late Archbishop Walsh, is being calmed by the prospect of a sale to the archbishop.

Such a settlement of the dispute might be all right with Undertaker Charles Geraghty, who indicated several days ago, Geraghty claimed to have paid \$500 earnest money for a contract to purchase the residence and trouble began when the archbishop's representative, the Mercantile Trust Co., announced that he had bought the house for the account of himself and nine other Lindell boulevard residents who had not wished to see it become an undertaking establishment.

Entrance of the archbishop as prospective owner caused both sides to calm down. Geraghty told a Post-Dispatch reporter that he and his associates "were all good fellows" and that a compromise would be reached shortly.

Wade announced today that the Lindell boulevard neighbors hoped to sell the house to the archbishop, and expected to do so.

Geraghty said he agreed to purchase for \$50,000 and Wade said his syndicate bought for \$52,000, but details as to the impending sale to Archbishop Glennon are withheld.

The archbishop now resides at 3810 Lindell boulevard, but he stated today that he expected to move to 4510 as soon as negotiations are completed.

With peace on this sector of Lindell boulevard, the only other dispute in the block, where the Undertaker Saville Mayer and an apartment builder, E. A. Worthington, are at odds because Mayer proposes to set up an undertaking establishment in the lot which besides smaller additions planned at city hospitals. Even more are needed, it was estimated.

Director of Public Welfare Culliff protested yesterday in a letter to the Board of Estimate and Apportionment against reduction of the hospital fund from 1 per cent to 1/2 per cent of the municipal revenue.

One per cent of the city revenue was above last year's expenditure, but Culliff remonstrated that the larger fund had made possible a "people's hospital" of character, which he listed, and cutting it by half would handicap the department.

## SHORTAGE OF HOSPITAL FACILITIES DISCLOSED

Present Number of Beds Inadequate, Community Council Survey Shows.

A shortage of hospital facilities does exist in St. Louis, particularly for negro patients and for treatment of tuberculosis, maternity cases and infectious diseases, it was disclosed today as the result of a recent survey under the direction of Mrs. John A. Harrell of the Community Council Health Department.

One striking fact brought out by that present facilities would be more than adequate except in the particular cases noted, it is not that the reputation of St. Louis as a medical center and its accessibility to the Southwest fill a fourth of hospital beds with out-of-town patients.

4690 Beds at Present.

About 4500 beds would be a normal proportion to the 300,000 population of St. Louis and St. Louis County. The present number of beds in the 33 St. Louis hospitals is 4690, but, even including hospital additions under way or in prospect, when beds occupied by the out-of-town patients are subtracted, the total is somewhat below what the experts believed it should be.

The new city hospital No. 2 planned under the bond issue is judged sufficient to care for the present surplus of negro patients. City and other institutions have 440 beds for tuberculosis patients—about 40 per cent of the number needed. The waiting list at Koch Hospital is sufficient now to fill the 125-bed addition planned there.

There are 250 beds in the city for contagious and infectious diseases, which caused 981 deaths in 25,513 cases reported last year. The total of maternity beds available at St. Louis hospitals is 83, to which 120 will be added upon completion of the new Maternity Hospital, besides smaller additions planned at city hospitals. Even more are needed, it was estimated.

Director of Public Welfare Culliff protested yesterday in a letter to the Board of Estimate and Apportionment against reduction of the hospital fund from 1 per cent to 1/2 per cent of the municipal revenue.

One per cent of the city revenue was above last year's expenditure, but Culliff remonstrated that the larger fund had made possible a "people's hospital" of character, which he listed, and cutting it by half would handicap the department.

## MRS. MARIE A. HANDLAN, 75, DIES OF INFIRMITIES OF AGE

Fall Down Steps Hastened Death of Widow of Wealthy Manufacturer.

Mrs. Marie A. Handlan, 75 years old, of 4931 Lindell boulevard, widow of Alexander H. Handlan, wealthy manufacturer, died yesterday at St. John's Hospital from infirmities of age, following an accident in which her hip was fractured. She fell down a short flight of steps in her apartment last Thursday, and physicians noted the injury she suffered in the fall hastened her death.

Her husband's career was one of the business romances of St. Louis. He was president of the Handlan-Buck Manufacturing Co. at the time of his death, May 28, 1921, although he had not been active in the affairs of the company for many years, due to heart troubles. He began his connection with the business as a bookkeeper.

Mrs. Handlan was the mother of 15 children, seven of whom survive. They are: Mrs. Edward R. Handlan, Alexander H. Handlan and Eugene W. Handlan of St. Louis; Mrs. Henry T. Hornaby of Joplin, Mo.; Mrs. M. J. Traut of Cincinnati and Mrs. Harry Blakes of Kansas City.

Mrs. Handlan, whose maiden name was De Coz, was born in Paris, France, and came to America when 6 years old. Funeral services will be held at 10 a. m. tomorrow at the cathedral, Newstead avenue and Lindell boulevard.

## Teaspoonful of Powder From Italy Placed in Shoes Relieves Man of Rheumatic Pain Almost at Once

When he went into the store to get this marvelous powder, he was a cripple. Because of the terrible, torturing effects of rheumatism he was crawling about on two staves. Later the same man, Mr. F. B. (name on request), of New York City, wrote the following letter: "It gives me pleasure to inform you that one box of your powder completely cured me in three days of rheumatism from which I have suffered for some time."

The discoverer of this powder is Alessandro Volta, the well-known Italian physicist, for whom the electric volt is named. He discovered a scientific combination of certain ingredients which he compounded into a fine powder. This powder, when shaken into the shoes or stockings, is intended to penetrate immediately through the myriad pores in the soles of the feet.

He has called the powder Volta. It has been so successful in the treatment of thousands of cases of rheumatism, many of which were considered hopeless, that the American distributors have authorized local druggists to dispense the powder with an unqualified guarantee that the entire cost of the first box will be refunded if you are not wonderfully relieved.

If you suffer from Rheumatic pain, Sciatica, Lumbago, Gout or Neuralgia, you owe it to yourself to try this remarkable and revolutionary scientific treatment. It is absolutely harmless and will not cost one cent if you do not receive wonderful relief.

You can get a box of Volta from such good druggists as Wolff-Wilson Drug Co., Judge & Dolph Drug Stores, Johnson Bros. Drug Co., Keiffer Drug Co.

**SOAKS RIGHT IN  
AND LIMBERS UP  
STIFF JOINTS**

Pharmacists call it "Joint-Ease" because it's for Swollen, Sore, Painful, Creaky Joints Only.

It took a good many years to get together a combination of pain subduing and swelling reducing agents declared to be the one remedy that almost instantly penetrates through skin and flesh and starts right in to make swollen, inflamed, creaky, pain racked joints as good as new.

They call this new and wonderful preparation "Joint-Ease" because the medical man who turned the trick, worked for years to perfect some long-suffered remedy that would really benefit the millions of people who have more or less joints that need helpful attention.

So "Joint-Ease" is prepared only for people who have a swollen, painful, creaky, distorted or stiff joint, whether it be in knee, elbow, shoulder, ankle, neck or finger and whether it is caused by rheumatism or something else.

Of course, it can't help but quickly put an end to such superficial ailments as lumbago, neuralgia, sciatica, whooping muscles, stitch in the side, crick in the neck or sore feet because of its penetrating action, but what it is really recommended for is joint ailments of any nature whatever.

Ask for a tube of "Joint-Ease." You can use it several times in one evening for quick results, because it goes right through the skin with only a few seconds rubbing. It is surely a swift penetrator and when it gets under the skin, it starts right in to clean up all joint trouble.

Wolff-Wilson Drug Co., 7th and Washington, and all druggists dispense it daily for about 60 cents a tube.

**Pittsburg charging use of the mails to defraud in selling stock.**  
The Continental, a \$4,000,000 concern, operating chain stores in that State, recently went into receivership. The men, L. N. Ridenour, former president; J. T. Seaver, secretary; and W. H. Cowell, treasurer, all of Cleveland, were held under \$2500 bonds each by United States Commissioner Monahan. They said they would waive extradition.

## The lovely skin you can have!

**BENEATH** the complexion which we see lies the true skin. Pimples and germs often center there, beyond the reach of ordinary cleansing agents. The true skin then shows its distress by pimples, blackheads, eczema and other disorders which appear on the surface.

To rid the complexion of these defects it is necessary to remove their root in the true skin. This, the new scientific Mercirex treatment does in a remarkable way.

### The Mercirex Treatment

- 1—Cleanse the affected area with Mercirex Medicated Soap, the most efficacious germicidal soap developed. It cleanses and disinfects the outer skin, and stimulates the glands, preparing for the penetration of Mercirex Cream.
- 2—Apply Mercirex Cream thinly. Massage gently but thoroughly until the Cream penetrates, leaving no trace. It goes quickly to the true skin, killing germ life and neutralizing poisons,

Cross-section of the skin, greatly magnified.

For Sale at All Leading Druggists.

thus enabling the true skin to function normally.

Skin blemishes disappear! With the true skin restored to health, the complexion at once becomes clear and beautiful.

Your druggist is offering a full-size Mercirex treatment, consisting of two cakes of Soap and a jar of Cream—regular \$1.55 value—at the introductory price of \$1.25. You can begin to enjoy the remarkable benefits of this new scientific treatment to-day!

If your druggist cannot supply you, mail the coupon with \$1.25, and we will send you the introductory package, together with a booklet on the care of the skin and scalp.

## THREE, INCLUDING BROTHER, HELD FOR WILKINS MURDER

**Joint Charge Filed Against  
Charles Wilkins, Railroad  
Man and Negro Janitor,  
Following Inquest.**

**POLICE TO QUESTION  
AN OSTEOPATH**

**Coroner's Attorney Asserts  
There Are Discrepancies  
in Excelsior Springs  
Man's Testimony.**

KANSAS CITY, March 25.—B. F. Tarpley, Charles Wilkins and Dillard Davies, negro, stand charged today with first degree murder in connection with the slaying here last week of Zoe Wilkins, pretty osteopath and love adventuress, as a result of the findings of a Coroner's jury yesterday.

Tarpley's failure to make certain explanations at the hearing and discrepancies in the negro's statement concerning his movements of the night the murder is believed to have been committed, prompted James Anderson, assistant prosecutor, to recommend the charges be filed against these men, he said.

Testimony of friends of Miss Wilkins relating to alleged conversations with the woman, in which she spoke of assaults with her brother, coupled with the fact he caused her dog—her "only protection"—to be killed led to the filing of the charge against Charles Wilkins.

Tarpley, yardmaster for the Kansas City Terminal Railroad, was a frequent visitor at the Wilkins home. Davies was employed by Miss Wilkins as a janitor.

To Question Blanchard Further. Chief of Detectives Walston announced today he would question Dr. A. F. Blanchard of Excelsior Springs, Mo., as to his whereabouts around March 15, when Miss Wilkins was last seen alive.

Horace Guffin, attorney for the Coroner, declared there were discrepancies in Blanchard's testimony at the inquest yesterday, which should be investigated more closely.

Blanchard, an osteopath, testified he had no business arrangements with the slain woman, although she had proposed a partnership. He denied knowledge of business cards bearing his name and that of Miss Wilkins.

Tarpley and Charles Wilkins both declared Blanchard had given them osteopathic treatments many times in the Wilkins home. In his testimony Blanchard said he had treated Wilkins, but he did not identify Tarpley.

A simple funeral service, attended only by relatives, was arranged this afternoon for Miss Wilkins.

New Evidence Against Negro. Several witnesses were examined by the Coroner's jury yesterday, including the three charged with murder. These three reiterated their statements regarding their movements at the time of the crime is believed to have been committed.

The knife found beside the slain woman's body contained bits of oats and hay, concealed in the blade groove, it was discovered by Horace Guffin, Deputy Coroner. The knife was identified by Sam Russell, junk man, as Davies'. Davies has emphatically denied ownership of the knife.

When Davies was called to the stand he testified he bought a sack of oats and a bale of hay Saturday afternoon, March 16, after leaving Miss Wilkins' home. He admitted he opened the sack with a knife.

That a powerful man, with a knowledge of anatomy, murdered the divorced wife of the late Thomas W. Cunningham, aged Joplin (Mo.) banker, after a frantic attempt to revive her after she had been beaten into unconsciousness, is the belief of special investigators who are working on the case.

This theory is borne out by the condition of the body when found. The investigators believe the slayer struck Miss Wilkins a terrible blow in the left eye with his right fist, that she swerved to the left and fell heavily to the floor, striking her head on one of several steel slats, laid out in a row as a base for the Abrams machine. The bloodstain left on the slat by the impact of her forehead is evident.

Injury to Eye Probably Fatal. An abrasion, circled by a discoloration, was on the forehead, slightly to the left, when the body was found. The bruise and the injury to the left eye, the ball of which was almost dislodged, might have resulted in the death of Miss Wilkins, according to Dr. H. E. Moss, Deputy Coroner.

The investigators believe the slayer then lifted the crumpled body and carried it to an open space on the floor, stretched it out and attempted to administer first-aid treatment, first opening the office window (later found open) to let in air.

The body, when found, was stretched flat on the back, one hand resting naturally on the breast, the other extended horizontally. It was in the position of having fallen in a struggle. The arms, apparently, had been used in an effort to restore respiration, as the arms of a drowned man.

The slayer then, according to the investigators, used osteopathic methods in his attempt to resuscitate the victim, but without avail. So frantic was he that he left bruises and fingernail lacerations on her throat and breast. Finally, he was overcome with fear when he realized his victim, if left, might die, yet might recover to point the finger of guilt at him.

Two Incisions in Throat. So, with the precision of a surgeon, according to the investigators, he made an incision in a vital part of the throat with a pocket knife. It was not the desperate slash of an excited person, but the neat incision of a cool criminal versed in anatomy, who knew that under a spot slightly to the right of the center line of the throat and below the larynx lay a network of arteries which a slight puncture would open with fatal results to the victim. The slayer pressed the blade in twice. The incisions were about one-quarter inch apart.

A strange note, written in an awkward hand, was found yesterday in the Wilkins home. Investigators believe it was written by someone who held the paper under a table to prevent other persons from seeing the message. The note said: "Take something from me. Keep hands off all but Clark. This will be over in a minute. Obey it."

## ACID STOMACH!! MEALS SOUR AND FORM GAS, GAS!

Chew a Few Pleasant Tablets  
Indigestion Gone! Stomach Fine

Instant stomach relief. Harmless. The moment "Pape's Diapepsin" reaches the stomach all distress from acid stomach or indigestion ends. Immediate relief from flatulences, gases, heartburn, palpitation, fullness or stomach pressure.

Correct your digestion for a few cents. Millions keep it handy. Druggists recommend it.

## Don't Let High Blood Pressure Shorten Your Life

How to Stop It—Read This.

It may surprise you to know high blood pressure is so serious that insurance companies refuse to issue policies to those who have it. All because it shortens life.

High blood pressure gives little warning and until certain symptoms take hold, you do not know it. They are head pains, flushed face, hot flashes, dizzy spells, shortness of breath, sleeplessness, and nervousness.

Only a purely vegetable medicine like Norma that drives out the waste matter which clogs the system and forces the heart to do extra work can reduce high blood pressure. Often one bottle of Norma will bring reduction enough to stop the symptoms which distress and worry you.

Norma is a physician's prescription. It worked so wonderfully in his personal practice that it has now been placed in drug stores so that people everywhere can obtain it. Check the uncertainty of high blood pressure by reducing it with Norma.

Wolff-Wilson, Judge & Dolph, Enderle and Johnson Bros. Drug Stores, or your favorite druggist can supply you.

New York Editor Dies at 90. By the Associated Press. LOWVILLE, N. Y., March 25.—Henry A. Phillips, 90 years old, editor and publisher of the Lowville Journal and Republican for years, died today.

**MOTHER!**  
Baby's Best Laxative is  
"California Fig Syrup"

When baby is constipated, has wind-colic, feverish breath, coated tongue, or diarrhea, a half-teaspoonful of genuine "California Fig Syrup" promptly moves the poison, gases, bile, souring food and waste right out! Never cramps or overacts. Babies love its delicious taste.

Ask your druggist for genuine "California Fig Syrup" which has full directions for infants in arms and children of all ages, plainly printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

## Gasoline Prices

A LATE bulletin issued by the Bureau of Mines points out that 1923 established a new high record in gasoline production in the United States, reaching 7,555,945,143 gallons—an increase over 1922 of 21.83%.

The National Petroleum News prints an estimate that the probable requirements during 1924 will be 8,236,617,000 gallons of gasoline.

Unless the 1924 output of gasoline shall more than equal the high record of 1923, the supply will fall short of the demand by at least 780,617,857 gallons.

It is a well-established fact that crude production has declined sharply, California alone shows a falling off from the 1923 high mark of more than 200,000 barrels a day.

Manifestly only those refiners who can extract the greatest yield of gasoline from a given quantity of crude oil are in position to render a major service under existing circumstances.

During the past several years processes have been developed in the laboratories of the Standard Oil Company (Indiana), by means of which this Company is able to recover a greater yield of gasoline from a given quantity of crude.

The benefits derived from the operation of these processes accrue directly to the advantage of the motoring public, because the increased yield secured by the Standard Oil Company (Indiana) exerts a marked deterrent influence on the price you pay for a gallon of gasoline.

## DREDGE HOISTS UP BEAVER

Special to the Post-Dispatch.  
SHEAR CREEK, Alaska, March 24.—A giant dredge on a gold claim near here late last fall came up a real live beaver, according to Edward Juneau, winchman, visiting in town. "We were working late at night," says Juneau, "and the dredge was

digging in the middle of the river. In the dusk I saw a dark object coming down stream. I thought it might be a spot or stump and soon saw it bump against one of the 17-cubic-foot buckets. The object was lifted from the water and came steadily up the line on top of a gravel-filled bucket and soon I saw it was a full-grown live beaver. He looked about and when 14 feet in the air gave one lunge and dove into the river mud."

## CONFESSES HE KILLED WOMAN, BURNED BODY

Wife, Who Witnessed Murder With Hammer, Exposes Husband.

NEW YORK, March 25.—Harry Fenton, 31 years, last night confessed to the murder of Miss Mary Coleman, 66, with a hammer at her home last March 8, burning the body and stealing \$15, all he could find in her apartment, police state. Fenton was arrested on information furnished by his wife, Mary, 18.

Mrs. Fenton saw her husband commit the murder. Later she became conscience-stricken and felt impelled to expose him. Capt. Carey of the homicide squad announced. Capt. Carey said Fenton so completely covered his tracks that no suspicion was attached to the death of Mrs. Coleman. The body was so charred that signs of violence were not detected, he said. The medical examiners thought Miss Coleman had accidentally burned herself to death while using a can of gasoline in her household duties. Fenton confessed, the police said, to removing the woman's body from the parlor where he killed her to her bedroom and to setting fire to it the next day after saturating the body in gasoline. Late in the afternoon of March 8 Fenton was said to have confessed he stealthily entered the room where the woman was working and struck her over the head with a hammer.

After making sure she was dead the police said Fenton locked the house, went to a drug store and purchased two bottles of gasoline. He spent the night in the room next to the body and the next day, when the janitor commented on Miss Coleman's disappearance, he burned the body, which was discovered by firemen, who confused the blaze to Miss Coleman's room.

## HOUSE VOTES \$10,000,000 FOR FOOD FOR GERMANY

Measure Provides That Where Possible Supplies Shall Be Bought Through Farmers' Organizations.

WASHINGTON, March 25.—The Senate received today the Fish resolution as adopted by the House to appropriate \$10,000,000 for the purchase of food supplies for destitute women and children in Germany. After a three hours' debate, in which the constitutionality of the measure was attacked and defended, the House last night approved the bill, 249 to 87.

As adopted, the bill, offered by Representative Fish (Rep.) of New York, a former service man, carries an amendment stipulating that the supplies be purchased wherever possible through farmers' organizations. An amendment by Representative Fitzgerald (Rep.) of Ohio sought to prevent expenditure of any of the appropriations until a soldier bonus bill is enacted. The amendment was thrown out on a point of order. An amendment by Representative Underhill (Rep.) of Massachusetts, to withhold the appropriation until the German Government spends an equal amount for the same purpose, was rejected 168 to 84.

## INSURANCE COMPANY GRANTED NEW TRIAL IN ADAMS CASE

Judge Killoren Convinced Man Once Declared to Be Legally Dead Is Alive.

Motion for a new trial in the suit of Mrs. Cora M. Preiss against the Mutual Life Insurance Co. of New York was granted yesterday by Circuit Judge Killoren, on the contention of the insurance company that John P. Adams, former husband of Mrs. Preiss, is not dead, as she maintained when a jury recently gave her a verdict of \$249,118 on insurance carried by Adams. The company, as it is known, a short time ago produced affidavits from a man claiming to be Adams and also introduced testimony of acquaintances that they had seen Adams recently in East St. Louis. Adams disappeared in 1915, after leaving a note saying his body would be found in the Meramec River. There were reports of shortages in his books at a local rowing club, and when in East St. Louis recently, the man said to be Adams did not cross the river. Judge Killoren, in granting the company's motion, said he was convinced Adams was alive and that justice demanded a new trial.

## COMBINATION HAMMERED OFF SAFE, NEXT TO POLICE STATION

The Deane Carlton Co., 312 North Market street, next door to the North Market Street Police Station. There is a street light immediately in front of the office and over the office safe, which is a plain view from outside, is a drop light which is kept burning at night. All this, however, did not prevent burglars from forcing a rear window last night and hammering off the combination of the safe with the company's own tools. Forty-two dollars was taken.

## Was Federal Employee 80 Years.

Special to the Post-Dispatch.  
LEXINGTON, Ky., March 25.—Capt. S. S. Cole, 88 years old, retired Federal employee, died Monday at his home in Nicholasville, 12 miles south of here. With the exception of his enlistment in the Civil War, he had been employed by the Government for nearly 80 years. After the Civil War he was made superintendent of the Na-

**METROPOLITAN LIFE INSURANCE COMPANY—NEW YORK**  
Biggest in the World, More Assets, More Policyholders, More Insurance in force, More new Insurance each year  
A MUTUAL COMPANY—INCORPORATED BY THE STATE OF NEW YORK

One person in every six in the United States and Canada is a holder of a Metropolitan policy—one of the safest forms of investment.

In 1923 the Metropolitan grew faster than any other life insurance company in the world; grew in income—in assets—and in the effectiveness of its campaign for better health for the whole country.

The Metropolitan sends trained nurses to the homes of thousands of industrial (i. e. weekly premium) policyholders when they are sick. In 1923 these nurses made 2,482,919 visits.

While the average life span in the general population of the United States is 54 years greater than it was 11 years ago, the life span of the industrial policyholders of the Metropolitan increased nearly 8½ years in the same interval. This greater gain has resulted in large part from the Metropolitan's Health Service.

During 1923 the Metropolitan distributed 33,790,840 booklets and pamphlets dealing with health, general welfare and longer life. The total number of pieces distributed to date amounts to 305,990,507.

The Metropolitan arranges for free periodic health examinations for holders of Ordinary policies. Amongst those who availed themselves of this privilege, the death rate was found to be 28½ lower than was expected for the group.

The Metropolitan cooperates with the companies to which it has issued group insurance for their employees—cooperates not only in giving insurance protection but also to promote better health, better working conditions, better living conditions and happier social conditions.

Life insurance, which cares for the home and family, is born of a deep sense of responsibility. When millions of people join in a mutual sharing of this responsibility the result is the splendid picture shown in the 1923 report of the Metropolitan Life Insurance Company. Never before has the world seen such a Business Statement nor had such an opportunity to look into the hearts of men and women, and to find there—Kindness.

**Print Paper High in Austria.**

Correspondence of the Associated Press.

VIENNA, March 18.—The cost of new print paper is high in Austria, and companies engaged in the production of this commodity are prosperous. One concern has just issued 25,000 new shares of stock to present shareholders. Each share is issued at 1,900,000 crowns, and is quoted on the exchange at 2,700,000.

**DEFENDS ATTENDANTS OF CITY SANITARIUM**

**Cunliff Points Out There Are Only 32 Attendants to Care for 1500 Inmates.**

Director of Public Welfare Cunliff, speaking today before the Aldermanic Public Welfare Committee, defended attendants at the City Sanitarium whose attitude toward patients has been questioned since the death of four inmates recently.

"None of those deaths can rightly be attributed to mistreatment by attendants," he told the Aldermen. "The fact is that there are but 32 attendants to look after 1500 patients. One man accused of mistreating a patient had 111 unruly persons under his care. I am sure that grand jury consideration of action by Coroner's Juries in holding attendants accused of assault will result in exonerations."

"The newspapers have not been fair in printing testimony of other inmates as to what went on. These inmates are incompetent, mentally, to describe what they saw, and most of them, I think, repeated suggestions made by others."

Cunliff added that many of the inmates objected to confinement and started fights among themselves. He mentioned that in one instance a 250-pound epileptic fell on another patient and broke three of his ribs.

The director did not, however, recommend the appointment of more attendants, but left the subject to take up consideration of social service work at city hospital. He urged that a staff of 12 social service workers be provided, the director to receive \$200 a month and the others \$125 a month each. Social workers are necessary under the new charge plan at the hospital, Cunliff said, because someone must investigate cases to see if patients receiving treatment are able to pay.

His only recommendation as to the sanitarium was that \$10,000 be set aside to purchase X-ray equipment.

**MEXICAN FEDERALS SEIZE REBEL CHIEFS IN CAPITAL**

Leaders Arrested After Interview With War Department—De La Huerta Reported in Havana.

By the Associated Press.

MEXICO CITY, March 25.—Gen. Romulo Figueroa, Guerrero rebel chieftain, who came to the Capitol to negotiate his surrender, was arrested yesterday following an interview with Undersecretary of War Manzo. With him were taken his brothers, Ambrosio and Francisco, also Crispin Samano and former Deputy Urban Lavin. Ambrosio and Francisco Figueroa and Samano were Generals in the rebel forces, while Lavin acted as rebel Governor of Guerrero, being charged with responsibility for the local uprising antedating the Vera Cruz revolt. It is reported that arrest was ordered for non-political reasons, based on allegations of executions and property destruction during their insurrectionary operations.

Unconfirmed reports say that Adolfo de la Huerta, the supreme rebel leader, is bound for Havana. Cuba, having changed the course of his vessel after learning of the departure from the United States of the Federal gunboat Bravo, which arrived yesterday at Tampico. Other advices say De la Huerta is still in Mexico.

Gen. Plutarco Elias Calles' arrival here for the purpose of resuming his presidential campaign has injected the political element into the situation anew.

**CALLS FOR CAMPAIGN ACCOUNT**

East St. Louis Candidate for Governor Proposes Sworn Statements.

Special to the Post-Dispatch.

CHICAGO, March 25.—Issuance of sworn statements by the various candidates for the Democratic nomination for Governor, showing the amounts and sources of their campaign finances, was asked by C. B. Thomas of East St. Louis in an address here last night. Thomas is one of four candidates for the Democratic nomination for the governorship.

"The Governor's office," he said, "is next in importance to that of the President, and should be surrounded by every possible safeguard. The Republican campaign in 1920 has given the people a lesson they won't forget for a generation. It now develops that the oil interests, in the expectation of acquiring the Teapot Dome and other naval oil reserves of the Government, contributed fabulous sums to elect a Republican President. Where an organization or individual or an interest contributes money in support of a candidate for Governor, if that candidate is elected he naturally is under obligations to repay their favor. Knowing the deep concern of the voters of this country at this particular time in such a matter, I now propose to my opponents that we shall each issue a sworn statement, giving the names of the persons, organizations and interests of our financial backers and contributors, so that the people cannot be deceived as to our connections and obligations."

**Candidate for Clayton Mayoralty.**

R. P. Atwood, head of R. P. Atwood & Co., grain merchants in the Pierce Building, today announced his candidacy for the office of Mayor of the city of Clayton. Atwood is a former member of the Clayton Board of Aldermen.

## Jack Will Allow Nothing Interfere With Defense of His Championship

**NEW YORK, March 25.**—The boarding a transcontinental train today for California, where he will sign a so-called million-dollar contract for picture work with complete satisfaction and a fountain pen. Jack Kearns assured one and all that nothing would be permitted to interfere with Jack Dempsey's appearance in defense of his title during the outdoor season.

Nothing could be further the truth according to

...to Kearn-  
said that Dempsey would star  
for at least one frolic against  
a legitimate contender on or about  
border day, and that the amateur  
Tex Rickard at Jersey City or  
Coffroth at Tia Juana would  
the proceedings. He added  
the picture contract would pre-  
Dempsey's appearance in the  
from April to September, this  
one of its specific terms.

**Nothing to Do but Make Money**  
"We are really forced into pic-  
ture work by the nonactivity  
Dempsey's opponents," Kearn-  
"Jack cut short a profitable tour  
the South to return here in case  
was wanted. Yet we have reason

"Wills and Gibbons are nothing to create a public demand for matches with Dempsey. I see why either of them would be satisfied to enter an elimination tournament with the winner meet the champion. Take the case of Wills. If he survived the tournament, public demand would dissipate much of the publicity against an attempt by him to win the heavyweight title.

This million-dollar picture is legitimate. It came to me a telegram from Carl Laemmle who has every assurance that it will succeed. It will keep the champagne out of the ring until late summer but after that he will be ready for the best man in sight. It is a Gibbons, Wills and Firpo to his advantage of the situation to prove which is the logical

**Coffroth to Meet Kearns.**  
SAN DIEGO, Cal., March 2.—James W. Coffroth, president of the Tia Juana Jockey Club, stated this morning that he intended to meet Kearns and Jack Dempsey regarding a match for the championship of the world in the middleweight division. Coffroth said that either Harry Wills or Luke Frazier would be the challenger.

**Managers Will Confer.**  
CHICAGO, March 25. — The proposed 10-round contest between Tommy Gibbons and Georges Carpentier will be discussed by the managers of the two fighters at a conference in Chicago today.

entier is scheduled to be done here today when Floyd Fitzsimons, the promoter, will meet with Joe Curley, representing the Fighting heavyweight, and Eddie Keaney, manager of Gibbons. Fitzsimons plans to hold the contest in the arena at Michigan City, July 4.

**\$150,000 Offered With**

It is believed among boxing men here that a September date at Michigan City will be chosen. In making of this today, Richard A.

firming his statement that he was still in the fight for a Firpo-W  
match with the winner to be Dempsey. He added that he would not increase his offer of \$100,000  
Whills for that particular attraction.

## The Golden-Faced Coffin of Tutankhamen Revealed After 3200 Years

Enshrined in solitary state down the ages—the gold-covered coffin case within its great stone sarcophagus at Luxor (one side partly removed to show interior)

After a period of many months since the breaking down of the wall separating the sepulchral chamber from the rest of the tomb, Howard Carter finally raised the great stone slab of the sarcophagus for a first glance at the wonderful coffin case of the King. The actual raising of the slab on Feb. 12 provided the excavators with a thrill surpassing their expectations. Covering the coffin case was a pall consisting of three thicknesses of a brown material; when this had been rolled back the full beauty of the coffin was revealed. No doubt the main fabric of the coffin is wood, but it is entirely sheeted over with solid gold, and is a most remarkable sight. It fulfills the double purpose of coffin and portrait statue of the Pharaoh, conceived with superb taste. The whole surface of the coffin is in bold relief, and is obviously work of the highest order, for the full sensitive mouth, the small refined nose, are exquisitely modeled. The eyes are set in with semiprecious stones. The whole face, which is three times life-size, conveys an impression of serenity and dignity. The face is typically youthful, and the sovereign is depicted lying in state with his regalia, wearing the golden crown with the hawk-head and serpent encrusted in lapis lazuli about his brow. These are encircled with a chaplet of natural flowers, black and brittle with age. The arms are shown as folded peacefully across the breast, the right hand clasping the crook of the scepter, which is about four feet long, and appears to be of wood, decorated with gold and semiprecious stones. The left hand holds the golden flail, the symbol of power. Beneath the folded arms in the center of the body there is a short lengthwise band of inscriptions introducing the King's cartouches. The coffin is about ten feet long, and appears completely to fill the sarcophagus. The outstanding relief of the head and shoulders gives the figure an appearance of a slight tilt forward.

For 3200 years the mummy and Ka of Tutankhamen have lain in the tomb awaiting the return of the soul (Ba) and Intelligence (Chu), which departed to Osiris on the decease of the King. When these return he will become a complete man once more, so that he may leave the tomb finally to dwell forever in the kingdom of Osiris. The artist in making the above drawing has cut away part of the outer box in order to show the interior.

### WHEN A PYTHON GOES ON A HUNGER STRIKE

It takes six able-bodied keepers to hold the monster python while a dressed rabbit is crammed down its gizzard. A hunger strike at the New York Zoological Park is short-lived, for the keepers and curates see to it that all animals and reptiles live a normal and regular life.

—International Newsreel Photo.

### JAPAN'S YOUNGEST PRINCE FELICITATES BIG BROTHER

Prince Takahito, youngest of the four sons of the Mikado (at extreme right), with two of his school chums from the Peers' School, whose uniform they wear, photographed at the palace in Tokio as they went to bid farewell to his oldest brother, Crown Prince Regent Hirohito, as Hirohito and his bride, Princess Nagako, departed on their honeymoon.

# DOUBLE PAGE FOR WOMEN

ST. LOUIS POST-DISPATCH, MARCH 25, 1924.

and West Is We

ever the Twain Shall Meet

DRAWN BY NELL BRINKLEY

of the feminine N. Y. who had never let alone been UP on a high horse—let alone been UP on a high horse—in kindness they gave her the tamest, place—the only horse that WOULD take N. Y., after disguising herself in a gayly forth, once out of sight of the mount up to a fence post, and proceeded

Colorado, all agog, came East to see the sea and bathe in it—she a ripple of it—there are such, you know—she called out in the sea, you ever saw—her friends having chosen in kindness a calm, blue old gray sea wasn't cutting up. And when she saw the first tiny wave coming foaming along, she squatted—and JUMPED it—and then she was shore! Truly, "the twain shall never meet"—NELL BRINKLEY.

## WINIFRED BLACK

—Warns About—

### The Danger Menacing Flowers

WHILE wild storms sweep the hills and valleys and the forests are bare of green except where the pines and their evergreen brethren grow, voices are being raised for the protection of the flowers which make a paradise of earth when the winter cold is over.

The automobile, delightful agency of pleasure, as well as source of profit, threatens the flowers of the wild woods and the fields. And it is said, unless a real fervor and enthusiasm can be raised in their favor, we must soon bid farewell to the most lovely creations upon which our eyes may rest.

In summer, crowds of people, carried into every corner of the hills and dales, of the mountains and the meadows, rifle the wild fruit trees of their blossoms and the ground of the wild flowers which have since time began delighted the eyes and the heart.

#### Preserve Them for Future.

This is something that the law alone cannot take care of. Nothing but the love of flowers and shrubs, nothing but the care of them by those who really delight in the wild flowers, can save them from destruction. There is no valley so far, no mountain top so remote that the automobile does not go there.

Each flower lover should begin now and raise as much interest in the flowers as can be imagined, and perhaps by thousands of small societies of flower lovers scattered all over the country, there may be something done to preserve these darlings of Nature.

In some parts of the country are already formed societies of Nature lovers who seek to save the trees and birds and small animals as well as the shrubs and flowers which make such a delightful feature of the landscape, the hills and the valleys.

Most of all, reliance must be placed on the real flower lovers. They should learn to stay their own hands when in the forest or the fields, and pick only a few of the blossoms, leaving enough to give a chance for the time to come.

#### Discourage Mutilation.

The mutilation of wild shrubs for their blossoms should be sternly discouraged. These shrubs can only be saved by the holding of the hands from them for whatever reason. It is a thoughtless savage love which destroys the beauty it feigns to adore. There is no real love in that which destroys.

If every girl and boy, if every man and woman driving an automobile, would form a fixed resolve to care for the wild flowers which come with next Summer and all the Springs and Summers to follow, that would be the life promise for the wild blossoms we so much adore.

What can be better than to help in the saving for the world of so much beauty and grace?

WINIFRED BLACK

#### Cornmeal Griddle Cakes.

Put into a mixing bowl a cupful each of cornmeal and flour. Add three teaspoonfuls of baking powder, two level teaspoonfuls of salt and a teaspoonful of sugar. Beat three eggs, add them into the dry mixture. When all the ingredients are blended, pour them into a pitcher. Have the griddle hot and greased and cook the pancakes as usual. This quantity should make about three dozen cakes. Serve plenty of good butter and maple syrup with the cakes.

## NOTES ABOUT WOMEN

Among the 3000 members of the Congress of Soviets of the Russian Union there are 37 women.

Mrs. Annie M. Dike, an American woman, is the first of her sex in America to be admitted to the French Academy of Agriculture.

Jeanne Gordon, young contralto with the Metropolitan Opera Company, collects porcelain china banks as a hobby.

Declaring that the national anthem is too warlike, Mrs. Augusta E. Stetson, organizer of the First

Church of Christ Scientist, recently testified that she has spent \$16,000 in an effort to delete the third stanza because of its attitude toward war.

Miss Lena Michaelson for seven years has served as wireless operator on a big tank steamer of which her father is captain.

There now are 4,500,000 women employed in the industries of the United States, an increase of 470,000 during the past 10 years.

Miss Yan McLeod, who recently

completed a bust of David Lloyd George, learned sculpture in the Bellevue Hospital, New York City.

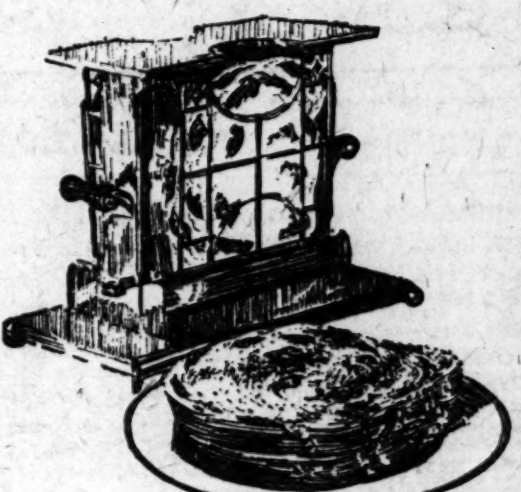

Police desk sergeant at the Los Angeles Central Police Station, Mrs. B. K. Stevens, is believed to be the first woman to hold a job of this kind.

STYLES from the Rue de la Paix—Paris styles that make you prettier than you ever were before!

French designers know how to create styles that make you look lovely and graceful and smart!

And how can you have these flattering new styles?

Why, because the minute these new styles were launched, news of them was cabled to Butterick—that's why Butterick keeps a staff of style experts in Paris! And immediately patterns were made for you of those new styles!

Styles are created by Paris—but the secret of how to duplicate those flattering styles is Butterick's alone. That is why Paris itself—Paris the well-dressed—buys more Butterick patterns at 27, Avenue de l'Opera than are sold in any other pattern store in the world!

Every Paris dress must be made its own way—that is the secret of keeping its dash and distinction and charm! Therefore Butterick is not satisfied to give you just a pattern but gives you with it the Deltor that shows you all the secrets of making that Paris dress.

The Deltor tells you what materials the dress is best in and exactly how much to buy. Other patterns have only one or two general cutting charts; the Deltor gives you an individual cutting layout. Because it's for your size and view on your width material, it truly saves you money. Besides this, the Deltor shows you all the secrets of putting together and exactly how to give your dress the French finishing touches of an imported model.

Have a Paris dress right away. Get a Butterick pattern and follow the Deltor. You sew so quickly and it costs so little. Butterick—New York—Paris—London.

**Paris Cape Dress, only \$22.34.** In size 36, Design 5141 takes only 4 1/2 yards of 35 inch material using the Deltor. In more at \$4.49 the yard, that's \$21.89 for material and 45 cents for the pattern. Only \$22.34 for a Paris dress!

**New Tunic Dress, only \$13.20.** In size 36, Design 5147 takes only 3 1/2 yards of 35 inch material for the blouse, 1 1/2 yards contrasting material for sleeves, etc. In silk crepe and satin at \$3 the yard, that's \$12.75 for material and 45 cents for the pattern. Only \$13.20 for the dress.

**Only \$15.73 with the Deltor.** In size 36, Design 5159 takes only 2 1/2 yards for upper part and 2 1/2 yards contrasting material for tiers, etc. If it's 38 inches wide. In satin crepe at \$3.49 the yard that's \$15.28 for material plus 45 cents for the pattern. A Paris dress for only \$15.73.

**HEALTH**  
UNITED STATES SENATOR  
FROM NEW YORK  
COMMISSIONER OF HEALTH, NEW YORK CITY

There develops a sense of phys- well being. to accomplish this it is not necessary to give wine or a drug, as Mr. Monroe no aptly said, "a little flattery will support one through a great fatigue." The pleasing words of a flattering man may excite the heart, set the pulse to beating, and remove the symptoms of fatigue. The mind has a recognized con- over the bodily functions. It is a mysterious matter either, and brain are so interlocked when the mind is aroused the mind sends its message to every part of the body, including the heart. This impulse may excite the heart to faster action, or it may retard and retard its movements. Good words are like medicine. They stimulate the functions and make it easier to bear the burdens of life. Let us bear this in work. By so doing we will add to it the sum total of good health and vigor.
